Valuable Feedback from the Parents & Students

In this time of Lockdown when everything has come to a standstill, studies are no exception to it. The efforts taken by Bal Bharati Public School by introducing online classes is commendable.

The teachers are taking exceptional efforts to teach our kids. Students are also keen on attending online classes and they use these interactive sessions as an opportunity for problem solving...

However, such classes can in no way be called as a substitute to the conventional classroom. Without making the kids understand the necessity of self-study, the real benefit of online study cannot be attained. Children below 15 years may not be able to self-study. Further, informative online classes can only serve the purpose of keeping the kids engaged and in no way can replace the classroom study....

Hope the things settles down soon and our life gets back to normal, then children can get back to school and study under the guidance of their teachers...

I am very grateful to all of my respected teachers as you all guided us in such a well-mannered way to use this new platform.

Regards
Pritika Sachdeva 7D

This online way of teaching is very useful for me and my other classmates. It is helping me to understand any topic in any subject.

I am able to meet my teachers and classmates through this platform. It's indeed a wonderful experience for me.
Satakshi 7C

We are thankful to BBPS NOIDA FAMILY for conducting online classes. It is a very good initiative by you all. The concept of online classes is perhaps the most fruitful and seraphic way of learning in this crucial phase of lockdown due to covid-19, as children can't go out to meet and play with their friends..

With online classes, our kids are engaged in some or the other productive work instead of wasting time by watching TV or playing mobile games. As parents we can take a sigh of relief because students are able to use their time constructively instead of getting affected by lockdown. Also, all teachers are doing a great job by guiding and helping students from time to time.
