# WarmUp Sessions

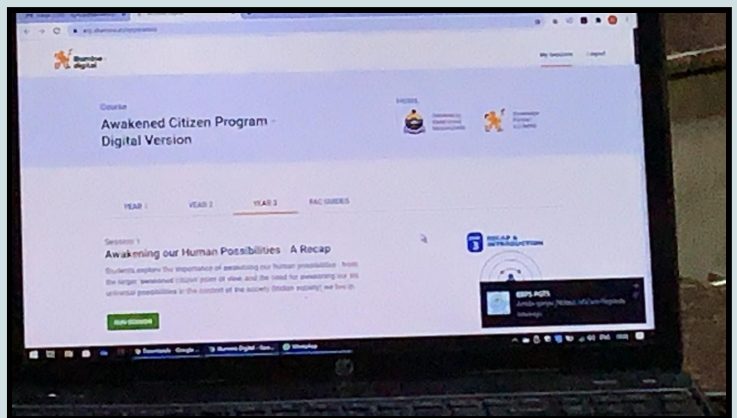

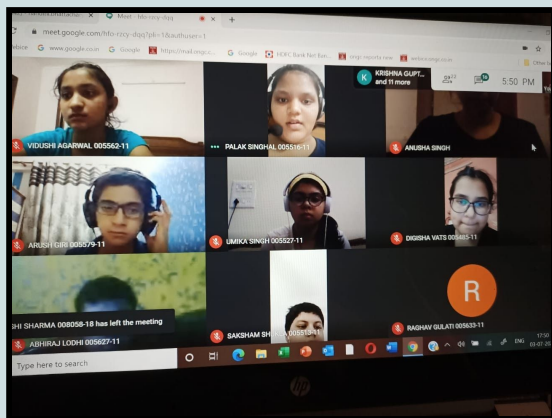

Commencing the day with good health!

Students begin the day with a warm up session of 30 minutes to keep their body fit and mind sharp.

## Awakened Citizen Programme

### Session 1 (7<sup>th</sup> July 2020)

CREATIVITY  
LOADING...

# Online Clubs

## ATAT Tinkering Club

About Tinkering Club : The Tinkering Club has been set up with an objective to foster curiosity, creativity and imagination in young minds and inculcate skills such as design mind-set, computational thinking, adaptive learning, physical computing etc. Young children will get a chance to work with tools and equipment to understand what, how and why aspects of STEM (Science, Technology, Engineering and Math).

Activities conducted :

- Introduction to Virtual Simulation Platform, Tinkercad.
- Circuit Development using TinkerCad.
- How To Combine two Circuits together?
- Controlling a RGB LED using a Slide Switch and a Potentiometer together.

## Art & Craft Club

Art & Crafts Club sparks students' creativity by exploring two-dimensional and three-dimensional art, photography, and graphic design. Students are exposed to the nuances of each medium and have the opportunity to create and share their own creative designs. This club features online sessions during which students share artwork with peers and provide feedback on the artwork of other students. The topic which was taken up was 'Different parts study of Human face.'

## Music Club

The online Music club takes pride in making a difference in our student's musical abilities and in our student's appreciation of music. We commenced our initial classes in showing them the different styles of music, introducing them to different styles, tunes and rhythms. Guru Vandana was followed by lessons in patriotic songs which instil a patriotic fervour in the students.

## Cultural Cooking Club

Cultural Cooking Club classes for Class 8 were conducted in the week. In the initial class, students were given a brief introduction about the club. They were shown videos on Importance of Nutritious food, perks of having a Balanced Diet etc and how to make a quick 'Protein Salad'. Students were also assigned ingredients for the upcoming class. In the second class, students were taught to make 'Rosy Delights' and each student prepared the same in the class itself. The students enjoyed the session immensely.

## Dance Club

Dance is not about finding yourself but it's all about creating yourself'.

The online Dance Club is recreational and allows the students to engage in multiple styles of dance for art, fitness and fun. The objective is to teach basics of different dance forms and develop their confidence to perform. The dance style which was taken up was folk as folk dances have become an integral part of our social milieu. The students learnt the basic nuances of dance and through their movements gave expression to their feelings.

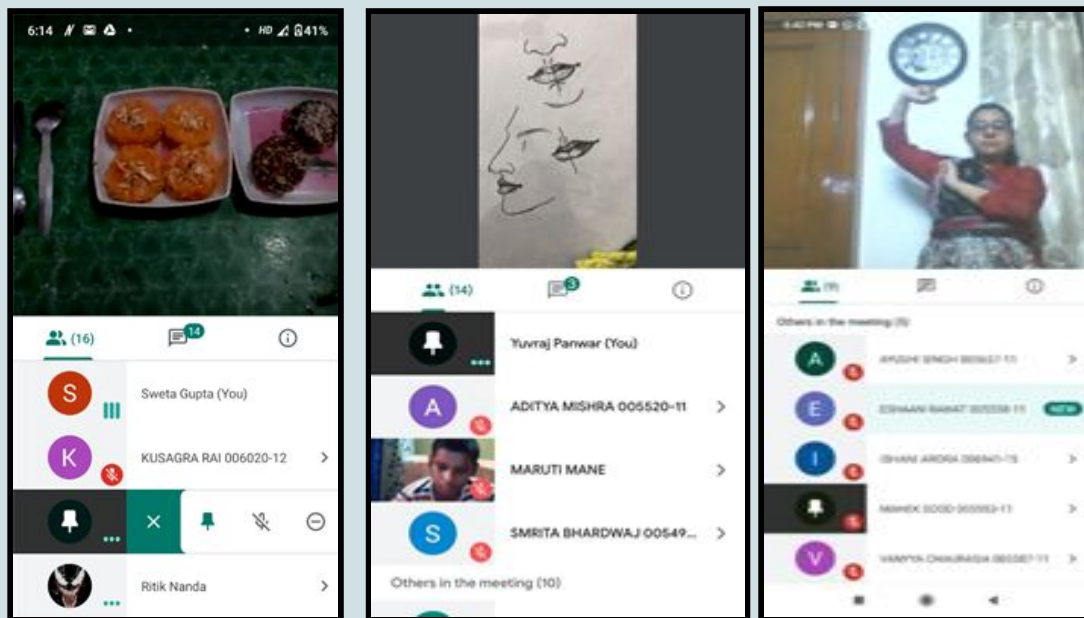

## Reading Club

The aim of online Reading Club is to teach a love of reading and not to teach great books. It also aims at inculcating a healthy reading habit in the students with innovative and interesting activities that promote reading. The following are some of the activities done in the week:

1. Author's week wherein the students were encouraged to read the books of a particular author. The author of the week was Robert Louis Stevenson. The students discussed about his novel, 'The Strange case of Dr. Jekyll and Mr. Hyde.'
2. An audio clip of 'The Golden Banyan' by Rini Simon was played to delight the auditory senses and a short puppet animation of Rabindranath Tagore's story, 'The Postmaster' was a visual treat for the young reader.

## *Glimpses of the Club Activities*

## *Valuable Feedback from the Parents & Students*

I am finding this concept of teaching very effective and helpful. The effort given by teachers and staff for continuing the studies in such a difficult time is appreciated. Google meet, I have to say, is a wonderful platform with features like presenting screen, etc. Thank You so much all the teachers, school staff, for your effort.

- Sonam Chaurasia, Mother of Vanyya Chaurasia

It is very good to have warmup session at the beginning of the online classes. After the warmup session when our studies start, I feel very refreshing and our attention is focussed more in our regular classes. Online classes are very interesting and I am learning new concepts everyday.

Thank you Ma'am.  
Aadyaa Thakur

I personally feel that online classes are a good method of learning in this time of pandemic and our school and teachers are doing a great job .They are even trying to help us to be fit by doing online warm up sessions. It is a great way and I really enjoy it.

Thank you  
Shambhavi wats, 8 B

I was wondering how will the school operate during the Covid 19 pandemic , as. children will be totally exposed if the schools reopen. It will be really difficult to manage or control the kids. I really welcome the idea of conducting online classes through Google classroom. Certainly it cannot replace the direct teacher - pupil contact. However it is a good stop gap arrangement. Else the entire session would have been a whitewash.

I do agree and empathise that there is a considerable amount of additional stress on both the teachers and students as sitting in front of laptops or mobiles continuously for three hours a bit strenuous. My only suggestion here is if we can have five minutes gap between classes so that would be a great relief. We are very happy and glad that BBPS NOIDA has taken this initiative of online classes. At the same time, starting the session with warm up classes involves the students in their physical activity.

Apart from this i learnt from my ward that there are interactive sessions also. That's really good. It can give a bit of a feeling of classroom and also keeps the child alert. We are satisfied with the overall activities. Thank you and regards  
Tarun Thakur (Father)
