Valuable Feedback from the Parents

The teachers have been working very hard. Online classes have been going very smoothly. They have been very interactive and all the doubts are cleared.

The teachers are working harder than students- assignments are uploaded followed with proactive assessment in online classes. They have been very effective in making the students learn and therefore have helped the parents a lot.

Shweta Sharma

(Mother of Arushi Sharma, Class 8 D)

Online classes is a new concept for kids and Aditya is adapting well .At times there are limitations due to dependency on technology, internet etc.

My suggestion would be to add more assignments to keep the kids involved and they will have more to practise. There should also be small groups made and kids should come prepared on a chapter/topic for discussion and teachers should provide feedback.

Akansha Bhutani

Mother of Aditya Bhutani, VIII C

Valuable Feedback from the Students

I really appreciate the teachers' initiative on online classes !!!!

Only network issues is a problem.... But I really love the online classes.

Angel Singhal, VIII C

The online classes offer us the only opportunity to meet our teachers and friends in these times. We are able to continue our study even in the comfort of our home without having to take one step outside.

This is due to the hard work that teachers are putting into our online classes as well as in making assignments and other study material for our convenience as most of us do not have the books needed.

For all of their efforts, we thank our teachers and all of the other people who make this possible.

This experience will truly help us in achieving great heights in the future.

Arohan Prasad

Class 8 D
