## Glimpses of the Club Activities

## Valuable Feedback from the Parents & Students

Firstly I'm thankful to all the teachers for helping us during these hard times. I see no difference in the way a teacher taught the students in classroom and in online as they are so dedicated. The only drawback I feel is that due to long hours of exposure, sometimes the children strain their eyes.

Sandhya Goyal, Manya Goyal's mother

First of all I would like to appreciate all the teachers and the staff members of the school who are working harder than ever they had done in school. Then I would like to appreciate all the parents of the students who help them and allow them to work and do the things as instructed by the teachers. I like the online classes as they are a good platform to work even in this pandemic when no one can even go outside of their houses. Thank you Ma'am for all your hard work done for all the students.

Ayush Kumar, VIII A

I enjoy online classes. I am grateful to the teachers and thank them who work so hard to make the subjects easier for us to understand in this difficult time of pandemic. The only problem I face is internet issues as sometimes wi-fi gets disconnected and I miss my classes.

Manya Goyal, VIII B

Online classes are very beneficial for students. They are able to utilize their time effectively in learning their subjects. This is a very good initiative taken by the school. I thank the Principal and all the staff members.
