## **Valuable Feedback from the Parents**

The classes are very good and interactive. Now the kids are more attentive and well-adjusted with online learning.

The only downside is that the students need to sit in the front of the device for the whole day to complete their work. This might affect their eyesight in the long run.

**Parents of Arul Singh Saini  
Class- 7B**

We really appreciate the initiative of online teaching. Even when the schools are closed, my child is continues to learn in a joyful way.

The worksheets and projects are very interesting and helpful in learning.

**Parents of Toshan Sharma, VII D**

## **Valuable Feedback from the Students**

Online classes are becoming more effective day by day as both teachers and students are learning new ways of communicating and learning.

Also, we are thankful that all the teachers understand our stress level and are constantly asking to maintain our emotional quotient and mental health.

To make these online classes more effective teachers can record their lectures and send it on the WhatsApp group, as many times we face network issues and lose the flow of the topic. So it would be more effective if we can get a recorded lecture too.

**Lavanya Chaturvedi  
VII A**

Using Google classroom has been very helpful as all the assignments are received easily in an organized manner.

I am able to understand and learn better now with the help of these online classes.
