## Valuable Feedback from the Parents & Students

Online classes have been a great experience so far. They are very engaging and encourage children to learn more. The teachers are doing a great job by providing children timely worksheets and material for them to explore and understand more about the portion. Great job, teachers and staff for organising the online classes for children

Regards

Parents of Ananya Kamboj, 7D

Using Google classroom has been very helpful as all the assignments are received easily and it organizes them itself.

Whatever the teachers teach, we are able to understand it easily.

Kavya 7C

The online classes are going very well. Online classes are helping me my ward in regular studies. He is able to understand everything with the help of worksheets uploaded on Google Classroom.

Parents of Naman Biswas, 7B

The online classes are going good. During the current pandemic, this is the only way to continue our education. The exercises and morning prayer are being regularly held in the morning to help us maintain our health and attain peace of mind. Daily updates given in the morning assembly help us to know more about what is happening around us.

The club classes being held in the evening are very interesting. They help us to improve our creativity skills and we can also pursue our hobbies and learn new things. The study material and assignments being uploaded on the Google Classroom also make understanding of the concepts easier and enable us to practice more.

The only problem in these classes is that our eyes get strained very much due to long hours on screen. We also miss our school and wish to join soon and meet our teachers and friends in person.
