## **Valuable Feedback from the Parents**

The online classes being given by the school teachers are praiseworthy. My opinions to this regard are as below: -

(I) Through the online classes only we parents came to the know the extent of participation of our wards in their classes.

(II) Online classes have become very useful to adjudge the aptitude of our children.

(III) I want to urge to all teachers to question intermittently so that active participation may be ensured.

(IV) We, parents are also working from home so frequent calls from office disturbs the student.

(V) Siblings are also using same phone, so some classes are being missed by other child.

**F/o Suraj Tripathi, 6 A**

We appreciate your hard work and we solemnly applaud you for that, but I feel that the class interaction and physical classes couldn't be taken over by online classes, but during this striving pandemic situation I really appreciated the thought and fell it is a good initiative to engage students and resume the curriculum.

## **Valuable Feedback from the Students**

I like the way of your teaching Ma'am. It is always very interactive. I enjoy all the classes taken by all the respective teachers.

Aditi Ma'am's class was very motivating. She encouraged all our classmates to be safe at home with parents. Thank you Ma'am.

Studying online is good but without books we can't study properly.
