

ACADEMIC SESSION 2020-21

CLASS I

WEEK: 1st July 2020 to 10th July 2020

Real time online classes have become a part of daily routine of the students and teachers in a positive step towards technically sound computer Aided Learning (CAL). Students are enjoying the work shared and all the teething problems of virtual teaching are slowly being overcome by everyone involved in the process. Students actively participate in the online class that are being conducted since April. Dance and sports sessions were organized for class 1 in the evening on alternate days. It is good to have destressing activities along with academics. While sport increases strength and flexibility, Dance class focuses on position and alignment.
