## PREPARATIONS OF UPCOMING ASSESSMENTS

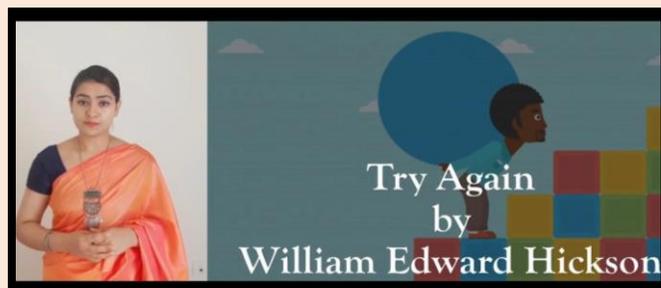

### POEM AND SPEECHES

Poems were recited and shared by the teachers to help children learn the correct way of reciting a poem.

#### MY TEACHER SEES RIGHT THROUGH ME

*I didn't do my homework  
My teacher asked me why?  
I told him it was too hard  
He said you didn't try  
I told him my dog ate it  
He said you have no dog  
I told him I went out running  
He said you never jog  
I told him I had chores to do  
He said you watched TV  
I said I saw the doctor  
He said you were with me  
My teacher sees right through my fibs  
Which makes me very sad  
It's hard to fool your teacher  
When the teacher is your dad.*

#### TRY AGAIN

*T is a lesson you should heed,  
Try, try again;  
If at first you don't succeed,  
Try, try again;  
Then your courage should appear,  
For, if you will persevere,  
You will conquer, never fear;  
Try, try again.  
Once or twice though you should fail,  
Try, try again;  
If you would at last prevail,  
Try, try again;  
If we strive, 'tis no disgrace  
Though we do not win the race;  
What should you do in the case?  
Try, try again.  
If you find your task is hard,  
Try, try again;  
Time will bring you your reward,  
Try, try again.  
All that other folks can do,  
Why, with patience, should not you?  
Only keep this rule in view:  
Try, try again.*

A speech was also shared to help them practice speaking different paragraphs.

## **FEEDBACK FROM THE PARENTS & STUDENTS**

Being a newcomer to the school Dwijesh was apprehensive initially. With proper guidance and constant support of the teachers he gradually felt comfortable and familiar in BBPS. Now he enjoys all the online classes & completes the assigned work with utmost enthusiasm. Thank you team BBPS  
**PARENT @ DWIJESH - VA**

My daughter is extremely happy to attend BRICS classes. The concepts are explained in detail and as a parent when my kid insists to solve questions all by herself, that comes to me as a gift in hand. BRICS classes are undoubtedly beneficial for kids of this age and Bal Bharati teachers effort is evident and appreciating!!  
The online classes every week has in store a new set of interesting challenges covering almost every subject to keep the students learning intact. Also, the teachers are very cooperative and responsive to every query that is put forth. Thank you all the teachers for making these Online Classes so useful.

**PARENT @ SHREYA PATHAK -VB**

The classes are keeping the child busy and happy. She finds the classes very interesting. She tries to complete her work and upload it herself. It gives her a lot of satisfaction.  
Missing the company of her teachers and friends.

**PARENT @ ADVITYA - VC**

Maam... all our teachers are doing a remarkable job. And i totally agree with the speaker that is it not easy to teach so many kids in the presence of parents.... hats off to our teachers... you all are doing something which we never even imagined when we were students...

Awesome...

**PARENT @ HRIDAY -VD**

All the faculties are undoubtedly superb. The way they are teaching, are really marvelous.

Online classes have an additional advantage over class room classes in the manner that students have more time for self study. Unavailability of books, notebooks and stationeries creates some issues. Continuous online classes in front of mobile screen may be harmful for these small kids.

Overall Superb

**PARENT @ SAHIL ARYA -V C**

Online classes are very helpful for my son. As he is at home and learning his subjects and stays occupied. Hat's off to the teachers and their hard work. Luvya is learning new words in English with the help of vocabulary worksheet given by the teachers.

**PARENT @ LUVYA JHOSI - VA**

The teachers have been working very hard. Online classes have been going very smoothly because of the teachers. Students have been made aware to keep their mics off and to ask questions one by one. Online classes have been very interactive and all the doubts are cleared. The teachers are working harder than students. They have been very effective in making the students learn and maintaining their regular routine.

**PARENT @ RASESH -V A**

My interaction with school faculty's has just started and as an overprotective parent my expectation vis a vis with current faculty was very HIGH. I m delighted to say that current teachers @online 5B classes are amazing ICONS in true spirits.
