feedback

The vocabulary sheet shared are really effectual and fruitful way to learn. This kind of assignment will really help to build vocabulary of students. Arna 4D

It's really good... students are able learn new words with its meaning. Moreover, they are using it in the same sheet too. Moha 4D

This is with reference to the vocabulary study material created by the school faculty. We highly appreciate the valuable efforts teachers are putting for the knowledge enhancement of kids. With such kind of vocabulary worksheets understanding the concept Would be easier for kids. Would like you to please share more templates in future which is more effective and visually effective .Thanks again.

By these Vocabulary Sheets, one will be able to speak effective & impressive Language. It can create a huge difference while speaking English .

Vikhyat's Mother 4 C

The vocabulary tests are very informative and it should be continued like this.

Dola Das
(Bhoomika's mother)

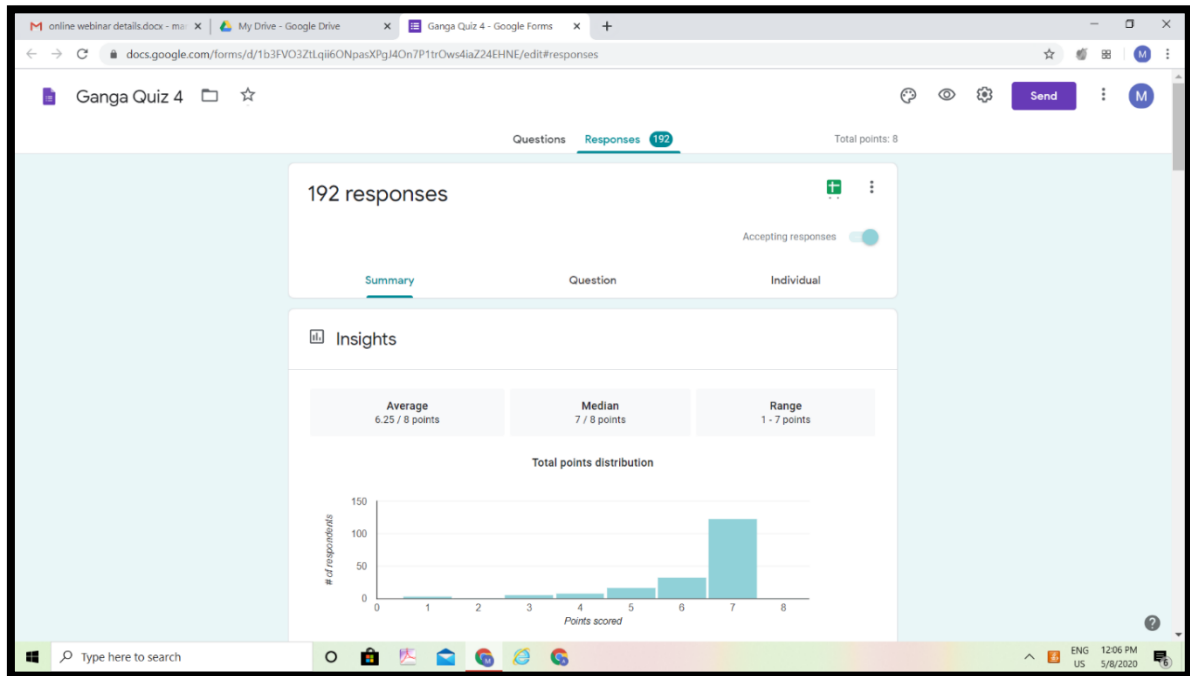

Thank you very much for making the Hindi online classes so interesting as my son Bhavya waits for your session. The idea of using puppet was a hit as it was so effectively able to make the child sit and listen to your teachings.

The online session of Social studies is equally good and the efforts of the teacher are to be appreciated as she always comes up with pictures and graphics for the better understanding of the concept to a student of grade IV.

Bhavya Dixit 4A

NAMAMI GANGE QUIZ REPORT

- Under the aegis of Environment Club, an **Online Quiz -NMAMAI GANGE** was conducted in class - IV. Students participated enthusiastically in the quiz. **The class average was 6.25/8** Here are the insights into the quiz.

❖ SOFTWARE TRAINING PROGRAMME ATTENDED BY THE TEACHERS:

Date	Name of the Software	Resource Person
4 th May,2020	CRISP	Mr. Rajat Krishna

CFSI NEWS

CFSI NEWS

Special online classes are being held on regular basis in the afternoon from Monday to Friday for helping children enrolled with CFSI to learn the scholastic concepts and to connect emotionally with their special Ed. teacher. These students are also attending the normal Google meet classes with their peers regularly. They enthusiastically wait for the sessions. Interaction with teachers gives them a feeling of contentment.
