### Feedback Received

Mam I am thankful for the online classes being conducted but the only thing is i face a lot of network issues due to which some of the things are missed out rather than this I don't have any issues with online classes, Regards  
Aayushi Singla-12C

Online classes are helping us in studies in this critical situation but some problems are also there like network issue and i am facing a serious problem with mic. My mic doesn't work so i can't take part in class discussions and because of lockdown i am unable to solve this problem but at the end online classes are effective and helpful
