Feedback Received:

School is in favour of students. I could not find any major difference between online and regular classes. The subject was taught in detailed manner and was very descriptive. Video was also used to make us understand.

Yes, sometimes we have to face bad network...

Daksh Prakash – 12D

The online classes are helpful and it's a good idea to study. Sometimes there are a lot of wifi issues from both the sides or it's not clearly audible but it's worth as we are able to study.
