

READING CLUB

CLASSES :III-V

REPORT FOR THE PERIOD – APRIL-MAY 2021

S. NO.	DATE/ MONTH	OBJECTIVE	ACTIVITY	LEARNING OUTCOME
01.	April - May 2021	Reading club encourages deeper engagement with the stories and creates a space for critical thinking and understanding the style of literary work. Students are not only able to read interesting stories but make acquaintances with the writers who provided us with these stories.	<i>"Now I present to you"</i> Students were asked to show their favorite book and introduce the book to the class in a few words.	1) Students developed a healthy reading habit and were able to express themselves. 2) The process of development of primary as well as secondary imagination was initiated when they were introduced to various literary genres.
