

# *Report of Virtual Summer Camp*

*Session: 2021-2022*

*Classes: Pre School to Class VIII*

**17<sup>th</sup> MAY 2021 - 10<sup>th</sup> JUNE 2021**

***“There is always that one summer that changes you and makes memories of a lifetime.”***

The key to success in the turbulent times is to *adapt, change and embrace* challenges that come our way. This has truly been the endeavour at Bal Bharati Public School Noida. Amidst the myriad challenges posed by the current pandemic, when everyone is peering through the fog of uncertainty and trying to embrace this ‘new normal’, Summer Camp took the digital route this year too, setting yet another benchmark with almost 1500 students of Pre School to Class VIII participating in multifarious activities held from 17 May to 10 June, 2021. The array of fun and creative activities were curated in a way that they not only kept the kids engaged and entertained, but also helped the students pick up a hobby or skill that they have their interest in while increasing their concentration, eye-to hand coordination and problem solving capabilities at the same time.

*Like ‘Alice in Wonderland’,*

*“Let us step in a different world,*

*Displaying a spectacular carnival of activities”*

# Craft Magic - Pre School to Class VIII

*"Being an artist is the same as that of being a wizard... only instead of a wand you use a pencil or a crayon for your magic."*

The Craft Magic activities were designed for different age groups of students ranging from Pre School to Class VIII with the objectives to teach various forms of Art and Craft so as to develop an aesthetic sense, enhance their eye-hand coordination and creative skills by fostering artistic talents in a supportive virtual platform.

The sessions meant for 176 tiny tots of Pre School to Class II gave them a hands-on experience to go beyond their horizons to explore and create something new in Origami, Puppets, Ear Bud Painting, 2D Paper Craft, Paper Plate-Face Mask and Dream Catcher. The activities drafted for 176 students of classes III to VIII catered to every child and encapsulated a rich experience that will hold them in good stead for life.

The fun activities, be it Doodle Art, decorative plate (Madhubani Art)- Paper Mache activity, Ikebana- The art of flower making (using paper) and arrangement, Home-made clay owl wall hanging, Paper jali work shoe box/Carton box lamp, Foil and newspapers quill/ roll decorative wall craft, flexed not only their skill but honed and exploited their artistic potential, dexterity, concentration and also lend manual agility.

# Nritya Manjari (Dance)- Pre School to Class V

**“Dance is the joy of movement and the heart of life”**

The most expressive and calming camp activity ‘Nritya Manjari’ was planned and practised with the students to keep them engaged, happy and joyful during these unprecedented times. The aim of the activity was to enhance their communication skills, expression and to keep them active. 239 Students from classes Pre-school to V enthusiastically participated and showcased their hidden talents by sharing their videos post the vibrant dance sessions.

The little ones tapped their feet on various folk songs. The meaning of different songs along with actions and expressions was taught to the children. Demonstration of the dance steps during the live sessions and repetition helped the students to remember and learn. Each student was given a chance to perform the dance steps. The students were taught different facial expressions and a series of mudras to express the emotion of the song beautifully. Students thoroughly enjoyed the class and performed zealously. They even made their siblings, cousins and parents dance with them.

*Dance is the Hidden Language of the Soul.*

# Sur Mandakini (Vocal Music)- Pre School to Class VIII

*"Words make you think. Music makes you feel."*

To bring back the beauty of feeling and expressing, a vocal music camp activity was organised for the students of Classes Pre School to VIII. A heartening number of 89 students participated and their creative side was explored. Many shy students came forward and performed in their melodious voices. Different tips and suggestions were given to the students to help them sing in a suitable range. Various pre-singing exercises were also taught to help them control their voice and breathing.

During the sessions, students were trained to sing a folk song (HAIYA RE HAIYA RE) dedicated to farmers and fishermen. Through the singing camp, students learnt about the struggle of farmers and fishermen and they were also encouraged to save food.

Another song was introduced in the following classes to encourage them to be thankful for a wonderful life. The song was dedicated to Lord Krishna (RI MAIYYA TERO KANHA). The students were encouraged to sing the song with correct rhythm and tone and were given a chance to perform the song.

## Theatre and Dance- Class VI to Class VIII

*“Dance and Theatre afforded me the opportunity to discover my passion for acting, for telling stories.”*

The mission of the Theatre and Dance activities was to stimulate the imagination of the students, motivate them to understand their strengths and weaknesses, and to encourage self-confidence and clarity in life goals. As theatre and dance as a microcosm of the society are art forms, which demand cooperation, a creative division of labour, and an understanding that each member is a part of the group, the students were provided specific training of skills in the execution and disciplines of the various forms of theatre and dance. 22 students were divided in groups to perform various dance forms like Bihu, Lavani, Kathputli and Mahua under the topic of ‘Dharohar’ instilling love for traditional Indian Folk dance forms. The students were initiated to learn about the different ‘Hasta Mudras’ involved in dance and tips were given for costume and make-up. The life and achievements of famous dancers like Pandit Birju Maharaj ji and Shiamak Davar were discussed in order to highlight the talent of dance, creativity and vision of dance as a living language. The theatre sessions acted as a forum to improve their communication skills, expression, creative and critical thinking skills. Various enjoyable activities like expressing the daily routine through the medium of music, teamwise script writing with song, situation based story writing with characters, Role Play, Antakshari of the characters of Ramayana and Mahabharata and Script Modulation aimed to entertain and enrich the understanding, awareness of the students towards the finer arts of the world, improve their communication skills and boost their confidence. 37 budding dancers from classes VI to VIII participated in the exuberating dance sessions.

Learning to Navigate the Stage

## Fitness and Health- Class III to Class VIII

**“To enjoy the glow of good health, you must exercise.”**

### *Practicing Hard and Achieving Goals*

The pandemic times have acted as the best teacher and taught each one of us, the importance of caring and looking after our bodies. The fitness camp was introduced with the aim to teach our students the important lesson of keeping healthy and active. 105 students ardently participated from classes III to VIII. Parents, students and even their relatives enjoyed the sessions and energetically participated in the various exercises. From yoga to breathing exercises, stretching, functional exercises to on the spot walking exercises were practised with the children. Students were instructed the correct way to exercise and were familiarised with different muscles that each exercise was designed to target.

Students were encouraged to have a routine and practise the exercises on a daily basis. The aim of these exercises was to hearten them to keep themselves fit and to develop healthy minds and bodies. Initially, the students were taught simple stretching, running and breathing exercises; later on some levels were added to the exercises to develop students' strength and stamina. With each passing class, students displayed more energy and agility.

## AI (Basics) and ICT- Class IV and Class V

*“Artificial intelligence is growing up fast, as are robots whose facial expressions can elicit empathy and make your mirror neurons quiver.”*

Keeping pace with the changing world is of utmost importance. It requires regular learning, unlearning and relearning. People who are adept and open to learning, thrive and succeed. With the motto of making our students ready for tomorrow, AI, ICT and Coding lessons as per their levels were introduced from time to time.

38 primary and 107 middle school students took part in various activities and enhanced their critical thinking, problem- solving skills, reasoning and focus.

Activities such as Lipsync with Youtube Song, and Shadow Art Game Based on Artificial Intelligence, Collage Making Activity Using Online Application Photovisi, Logo designing activity using AI based online application, Gif making using online application Giphy, Video editing using INSHOT mobile application were taken up for students of Classes III to V. Students enthusiastically took part in all the activities and created family collages, GIFs and videos using various applications and softwares.

*Leading to a Holistic Learning*

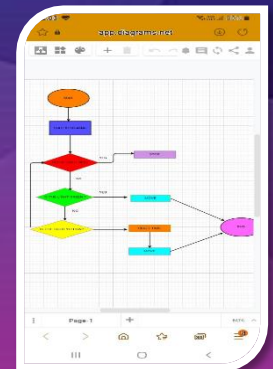

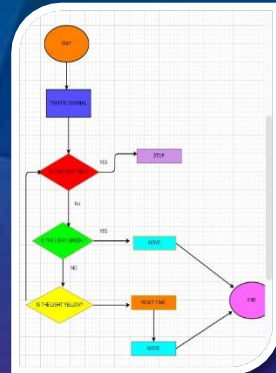

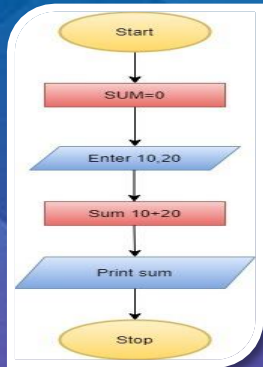

# AI and Coding- Class VI to Class VIII

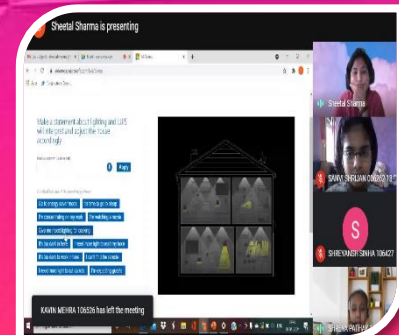

## *Technology - A Simulation Of Human Intelligence*

For Classes VI to VIII, during AI and Coding sessions, Introduction to AI, Application, Domains like LUIS, Qure.ai, Zebra medical vision, Microsoft for Visually impaired persons were taken up with the students to make them aware about their usage in healthcare sectors.

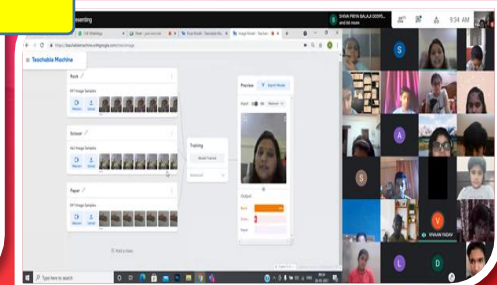

Other activities included Learning Teachable Machine, Graphical or pictorial representation of an algorithm and Scratch Extensions. All the students keenly learnt the applications and forwarded their work in the form of videos and creatives.

*Building a Hightech World*

## Rubik's Cube-Class III to Class V

*"If you are curious, you'll find the puzzles around you. If you are determined, you will solve them." – Erno Rubik*

Rubik's Cube has multifarious benefits ranging from development of visual skills, problem solving to spatial analysis skills. It teaches perseverance and heartens the learners to look for alternate ways to solve a problem. The school lays a lot of emphasis in inculcating cubing right from an early age and in order to provide spur to this activity, regular championships are also organised for the students.

In this series, a Rubik's Cube Summer Camp Activity was organised for the students of Classes III-V. 45 students participated with zeal and enthusiasm and enjoyed solving the Rubik's Cube. Many of them have been able to master the art with practice and regular demonstrations during the active learning sessions held during the camp.

Cubing not only helps the students to improve their concentration and eye-hand coordination but also enhances their problem solving ability, patience, determination and cognitive skills manifold.

During one of the sessions, a Guest speaker Mr. Sainyam Jain was invited to the class. He motivated the students by sharing his life experiences and showcased his talent of solving the cube blindfolded.

## Astronomy Club-Class IV and Class V

*“Man must rise above the Earth—to the top of the atmosphere and beyond—for only thus will he fully understand the world in which he lives.” – Socrates, Philosopher*

Enquire, Exploration and discovery of the innumerable miracles present around our planet and beyond, was the aim of the Astronomy Club. Taking these agendas under consideration, the astronomy club made its 57 participants from classes IV & V experience and feel the universe close through various interesting presentations, 3D-model demonstrations and hands-on activities.

From learning all about the solar system, to exploration of Mars, MOM project and the scientists who made it possible, use of rockets and telescopes and making their models, learners had great fun learning during all the sessions. The activities were designed to enhance their creative, psycho-motor skills and cognitive skills.

# Tell me Why? (Developing Scientific Temperament)

## Pre School to Class II

*"Somewhere, something incredible is waiting to be known."* Carl Sagan

Science is based on curiosity and young kids are innately curious. The world around them is brand new and they are eager to explore and enquire about their immediate surroundings pushing them to think and ask "Why?" When children aim to learn more about the world around them, it is science that often holds the clues they need for a better understanding. 'Tell Me Why' activities for 181 students of Pre School to Class II were carefully crafted to nurture this curiosity and exposed the students to explore, learn and develop a scientific temperament through exciting, unique, practical and fun filled activities. The various hands-on experiences like Ice and Salt experiment to learn the three states of water, Ping-pong ball experiment to demonstrate the properties of air, exploring the sense of taste, Lunar eclipse (through an experiment), Insects and Arachnids and Marble paintings incorporated Science into simple and joyful activities. The goal of these activities was to foster valuable 21st century skills like problem solving, critical and creative thinking, collaboration and also to develop a scientific attitude and a rational outlook towards life at an early stage.

## Reading- Class III to Class VIII

**“The books transported her into a new world and introduced her to amazing people who lived exciting lives.” – Matilda by Roald Dahl**

The Reading Club activities were designed for the students of Classes III to VIII with a mission to build the foundation for a lifelong love of books. A group of 100 students were introduced virtually to the world of books in an enjoyable way and the sessions provided the skills necessary to succeed, and soar as book lovers. In order to promote a love of Literature in a positive, nurturing environment, the suggested English and Hindi Reading sessions included ‘Monkey Trouble’, ‘Sadhu and Chuhe Ki Kahani’, ‘The Ghost in the Forest’, ‘The Magic Finger’, ‘Akbar-Birbal Ki Kahaniyan’, ‘Malgudi Days’, ‘The Adventures of Tom Sawyer’, ‘Neelkanth’, ‘My Dateless Diary’, ‘Geelu and the Selected Stories of Rabindranath Tagore’. The students enjoyed Online story telling sessions by eminent authors and guest speakers like Ms Katie Bagli, Ms Nupur Agarwal, Ms Shabnam Minwala, Ms Anupama Saini, Ms Doroshenko Alexandra, Dr Vignesh Sornamohan, Ms Prachi Raturi Mishra and a famous puppetarian, Ms. Sanghya Ojha, who was accompanied by her puppet Tara. The students participated in myriad activities during the sessions like making Digital Birthday card for Ruskin Bond, designing a Book Jacket, Book mark making, Drawing the favourite character, Alternate ending to a story read by them and Character Portrayal from a story which enhanced their thinking skill, fostered their ability to listen and react and create a sense of community around books.

*To Learn to Read is to Light a Fire*

# BBPS Cinema Enthusiasts-(Story Narration Integrated with Arts and Sports) - Pre School to Class II

*"Good stories surprise us. They make us think and feel."*

BBPS Cinema Enthusiasts, an innovative form of storytelling session was conducted for 199 students of Class PS to Class II. To foster the skills of listening, reading, voice modulation and expression, an initiative was taken in the form of storytelling sessions weaved beautifully with Art and Physical fitness. It helped the children develop their imagination, attention span, sense of rhythm, ingrain values and hone critical thinking as well. The story presentation was made interesting by including songs and creativity related to the theme and the plot cast a spell on the students who were glued to their computers due to the sheer intrigue and interest created. The strength of this session also rested in the moral take away, that we should never talk to strangers and always shout out for help if the need be. Overall, it was a great learning exposure for children to the basics of theatrical movements along with enhancing artistic creativity and Yoga postures teamed with fundamental exercises.

Story Telling is Sharing Happiness

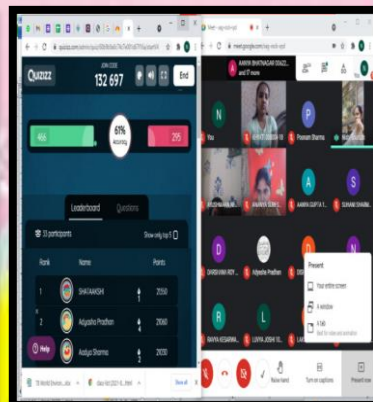

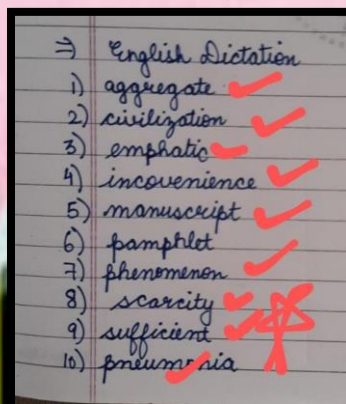

## Spell Bee- Class VI to Class VIII

*"Spelling is important because it aids in reading. It helps cement the connection that is shared between sounds and letters."*

The Spell Bee activities created an awareness of the possibilities of using varied words in oral and written expression and to add to the active vocabulary of the students. Learning a language is the foremost step in the life of a child as it helps him/her to communicate with the world. The brainstorming Spell Bee bilingual activities in English and Hindi conducted for 41 students from classes VI to VIII played a pivotal role to train the children in building vocabulary and achieve mastery in spelling them correctly. The various enjoyable activities undertaken gave the students a platform to learn spellings in different ways like Dictation, Jumbled words, Homophones, Word Scrabble, What's The Good Word, Proverbs, Idioms, Brain Teasers, Vocabulary games and various Online Quizzes. The activities not only enhanced their spelling and literary skills but also encouraged them to explore the languages, expand their vocabulary and improve their communication and comprehension skills. The audio links shared in the classes aided to improve their pronunciation and the students were encouraged to participate enthusiastically in all the activities to be the Super Speller of the day.

# Testimonials by our valued co-facilitators

## Craft Magic

- "A big thank you for such an engaging activity. Even I enjoyed it a lot but Tavgun wanted to do all on her own. The way you interact and make the activity interesting is really appreciable.

Regards. Tavgun Kaur (PS B)

- "A very beautiful and vibrant art session which was full of fun and new learnings for the kids. It helped in

As always, amazing efforts by our dear Anju Ma'am, who ensures that learning is always filled with excitement and fun developing the motor skills while learning a new art form for kids."

Aaliyah Malhotra (CLASS I D)

- "Thanks mam it is an amazing initiative by school to keep students productive throughout the vacation the teachers are really hard working my kid loves the session."

Yatharth Gupta, 2B

## Spell Bee

- The 'SpellBee' activity is really fruitful to our students. It's not only enjoyable but promotes enhancing their vocabulary also through play way method which is a energy booster for kids. By this they can keep them engage in positive manner.

Aashi Saraswat

- My daughter Khyati enjoyed the summer camp," SpellBee". It is very informative and it also enhances vocabulary. My daughter would like to attend these interesting classes in future.

Khyati VII A

- Dear maam,  
I love the topic which u taught today (homophones). i enjoyed the spell bee dictation because I like to challenge my self. I also felt that the activities were really interesting and i learned a lot from brain teasers. Although this was our second last class but I will be waiting for these enjoyable summer camp like these in future.

Regards

Darshana - 6B

# Testimonials by our valued co-facilitators

## Sur Mandakini

- Thank you to all the teachers. Indeed it was a great session and all the students from PS to class 3 were able to learn. Ananya was able to learn the song and swar after Sumana Mam repeated the song and involved the students. Big thanks to Sumana Mam, sir and Eva Mam. Ananya is looking forward for the chuk chuk song in the next session  
Ananya Varshney PS A
- Ma'am the class is very enjoyable and interesting. I loved to sing this wonderful song (Haiya Re Haiya Re). Thank you ma'am for also sharing tips which will help us to sing a lot better in future.  
Anshum Gupta, 5C
- Good morning Ma'am and Sir! It was a fun and engaging session I learnt a lot of new things. It was nice to learn a new language and that too through a song. I am looking forward for more such fun filled and exciting classes. Thank you. Regards. - Shrishti A Tiwari 8D

## Theatre and Dance

- The session of theatre are very interesting and exiting I am so happy that I chose theatre I learn so many new things. Thank you sir and maam to teach very interesting things. Shreya Jaiswal (VIII A)
- Dear Diya Rajan has truly enjoyed today's class. The interactive session was fun and exciting. She has learned observation skills and ways to memorize dialogues on the spot. Looking forward to more such sessions in the coming days. Diya was praising all her teachers for the valuable tips and techniques learned in this club. Thank you teachers and BBPS for keeping the creative spark alive during this tough pandemic.  
Divya Rajan (VIII B)
- Today's dance class was really amazing. It was informative and enjoyable too. In all the dance classes I always experience a lot of fun. I also appreciate all the efforts of our Teachers. Thank you respected Teachers for a really great session. Rijul Aggarwal, 6 B

# Testimonials by our valued co-facilitators

## Fitness and Health

- "Ma'am and sir, Today's fitness class was very nice and interactive. I love to do breathing exercise in class which we do for at least for 10 min which help to increase our lungs capacity and helps to fight with the virus in this difficult time. I am thankful to Rashi Mam, Smriti Mam, Dinesh Sir and Vardaan Sir for conducting this session. Looking forward for some more sessions and more fun😊  
Regards." Viraj Chechar IV D
- "Today's fitness class was very nice and interactive. My son Aarav enjoyed it a lot. During this pandemic time when kids are bound to stay in four walls of the house, such activities boost their moral and let them start their day with positivity. I am thankful to Rashi Mam, Smriti Mam, Dinesh Sir and Vardaan Sir for conducting this session. Looking forward for some more sessions and more fun😊" Aarav Gupta V A
- Some interesting exercise like jumping jacks and crunches. I thoroughly enjoyed this session. Mahi Sharma 7 C

## AI (Basics) and ICT

- "I liked the class very much..... I knew this activity of making a logo in Design. ai was surely going to be fun, and it is fun, though, which I am happy with. All the activities, that is, every single activity in every single ICT AI summer camp was very very fun. I loved making this logo which I have sent..... I am happy that I joined this summer camp." FROM: OISHANI CLASS 4A
- "Since childhood i m interested in ICT and AI. While attending the class I am learning a lot about technology. The classes are amazing. Regards". Shreya Kukreti V A
- I am very thankful to all of you ma'am for your efforts and time.  
I really enjoyed all the new things you taught me during this camp from lypsyn to inshot all apps were different and interesting.  
Thankyou very much  
Aarav Krishn, IV 'D

# Testimonials by our valued co-facilitators

## AI and Coding

- In today's class I learned about Algorithm and Flowchart. Today's lass was informative and interesting. Thank you for organizing the wonderful session. I am glad to be in a Club like this.  
Devanshu Jha, VI
- Ma'am, today I learnt about algorithms, flowcharts, and the flowchart making online app diagrams.net, it was a very interesting learning topic about flowcharts.  
Regards Krishna K. Panda VII C
- "This class was an interesting class. I enjoyed the activities done in the class. Sheetal mam explain us very patiently and I understood everything with no doubts. Thanks for organizing this wonderful session." Ishika Singh VI - D

## Rubik's Cube

- It was a very nice session. Critical and analytical thinking in child is enforced and keeps them engaged.  
Arnav Dixit 3A
- Thanks Ms. Mukul ma'am AND Ms. Ruchika ma'am for the wonderful session. It is interesting activity to keep kids engaged.  
Arnav Negi, 3 A
- The efforts put up by Mukul Mam and Ruchika mam is commendable. Their precious time for the young kids was really appreciable.  
Teachers are always a guiding source for us.  
Thank-you teachers  
Arjun Jindal ,4C

## Nritya Manjari

- Thanks you so much Swapan sir for the wonderful session of dance. Special thanks to all the teachers of Nritya Manjari.  
Avighnita Roy, 1B
- Good afternoon ma'am. I love to dance but never learnt from any other teacher apart from school. I enjoy the way our dance teachers (Swapan sir, Kavita ma'am, and Nisha ma'am) make us learn. Today, in our first session of virtual summer camp of Nritya Manjari, I loved the way Swapan sir taught the steps. He was watching and listening to all the kids' one on one. The videos shared by you will definitely help to practice the steps and get ready for the next session. And above all, thanks to all the teachers. You handle so many kids patiently throughout the session. I am eagerly waiting for the next session. Thanks a lot to all the teachers.

Vedika Shrivastava, Class V - C

- Today's class was enjoyable as always. Amyra loves to dance. You always motivate and inspire her. Your patience is endless. Thank you for guiding her and supporting her always. Thanks to all the hardworking teachers. We appreciate your dedication towards our kids.  
Amyra 3 B
- Today's session was really very nice. Yedhant has enjoyed a lot. Thanks to all the teachers. Regards,  
Yedhant Taneja 1-F
