BAL SABHA ACTIVITY (2021-22)

VIDEO MAKING: Exploding Population is a Boon or Bane

CLASS: V

"If you fill the bowl too much, it might crack!"

Save the planet before it overfills by controlling the population."

It's time to get your creative hats on! That and a little bit of technology is all that is needed. Here is your chance to speak up and share your perspective through video creation.

Instructions:

- + Students are required to create a video on the topic- Exploding Population is a Boon or Bane.
- + Students have to pick a side- boon or bane and express their views to support the same!
- + The video can be of 2-3 minutes in duration. Students can use different ways to express themselves in their video. After all, creativity is the language of the soul.
- + Students are required to include a slogan of 10-15 words to support their viewpoint in the video.
- + **Do not forget to add your Name, Class and Section at the bottom/end of the video.**
- + The students need to share their **videos by 5th July 2021** with their class teachers **by uploading them in "Bal Sabha Activities" channel of their class.**
