REIMAGINING TECH CAREERS IN 2030

*An interesting session to take a futuristic view of how tech careers
in the future would look like*

National Program on Career Awareness is organising
a Webinar **“Reimagining Tech Careers in 2030”**

Saturday, 23rd January 2021 @ 5:00 PM

For students of class IX-XII

- ❖ National Program on Career Awareness, is a not-for-profit initiative to promote career education amongst schools.
- ❖ Parents & Students may join the webinar to take a futuristic view of how Tech careers in the future would look.
- ❖ The session will help students explore some of the possible changes and how the learners need to develop a curious mindset to be a winner!
