

## REPORT OF VIRTUAL SUMMER CAMP (2020-21)

### (PRE SCHOOL & PRE PRIMARY)

**The pandemic may restrict us indoors but it cannot dampen our spirits to dabble with new things, pick up new hobbies and learn something new...**

Keeping in mind, the individual traits, interests and needs of the children, a Virtual Summer Camp was organized from 03 June 2020 to 12 June 2020. Approximately 350 children from Pre School & Pre Primary Classes participated wholeheartedly in an exciting range of fun filled, creative activities which varied from Music, Craft, Dance, Singing to Fitness in Sports. All the activities provided children with joyful learning experiences and stimulating opportunities to explore experiment and enjoy the skills making learning stress free and enjoyable. It also brought their attention towards the need to build immunity and fitness.

## **ACTIVITY-I, CRAFTS MAGIC**

**The Craft Magic activity** was based on the theme '**Mother Nature & World Environment Day**'. The various forms of art & craft not only honed the aesthetic and creative skills of the children but also helped them to master coordination over finer muscles and learnt to work independently. Teachers also discussed the importance of saving our environment by following various sustainable development goals from a very young age.

**DAY 1 (03.06.2020) - BHIL ART-** The children were apprised about the ancient 'Bhil' tribe in India and its art form is inspired by nature like the Sun, the Moon, the animals, trees, insects, rivers, fields, mythological figures, and their Gods. The children learnt and created beautiful tree and peacock wall hangings with bright paints and sequential patterns made of polka dots using ear buds.

**DAY 2 (05.06.2020) - 3D JUNGLE SCENE-** The importance to save our jungles was inculcated for ensuring safe home for our animal friends. The children created 3D Jungle Scene - lion, elephant, and trees using paper rolling craft technique using googly eyes, marker & buttons.

**DAY 3 (09.06.2020) - AQUA WORLD-** The children were sensitized regarding the importance of cleanliness in and around the oceans, lakes, rivers and ponds for the wellbeing of our aquatic friends. The teachers co-related the mathematical concepts of shapes & pre-number concepts in creating 3D paper models of fish, octopus, star fish and sea weeds and displayed creatively on an aqua base with big & small bubbles.

**Day 4 (11.06.2020) - WORLD OF PUPPETS: MY PET-** The importance of being human and caring for other forms of life was the motto of making puppets. Children could relate the puppets of a girl, a boy, a dog & a parrot with their own surroundings. Fan folding technique was used to prepare the puppets. Later on the puppets were decorated with googly eyes, marker and sticker stones.

## ACTIVITY- II, BBPS CINEMA ENTHUSIASTS

*"Story telling is the most powerful way to put ideas into work"*

To foster the skills of listening, reading, voice modulation & expression, an interesting story telling session was conducted for the Pre Primary students, which was beautifully integrated with Fine Art and Physical fitness. Approximately 90 young enthusiasts participated whole heartedly in the fun-filled and exciting story sessions.

**Day 1-**The story 'Rupa -The Elephant' was narrated with attractive puppets, integrated with physical exercises like shoulder rotation, neck movements, swimming strokes , pranayametc, followed by a mask making activity (Elephant Mask)

**Day 2-** The story 'The sky is Falling' was taken up with innovative rhymes and interesting puppets. Physical exercises, yogasanas along with the concept of Environment Day wherein the tiny tots experienced germination of seeds and taking care of plants was inculcated through the story and was followed by a finger printing activity on the image of a tree to create a collage.

**Day 3-**'Goldilocks and the Three Bears' was the story narrated with lots of special effects through voice modulation and puppets. It was beautifully weaved with asana and stretching exercises. A yummy biscuit sandwich making activity was also held by the young learners to tickle their taste buds.

**Day 4-** 'Natkhatchuha' was narrated in a humorous way with interesting and innovative rhymes, songs and puppets. The story was well integrated with sports activities such as throwing and catching of ball, jumping and art & craft activity of making a beautiful cap.

# ACTIVITY-III, NRITYA MANJARI

Approximately 151 children from Pre School & Pre Primary were enrolled in dance sessions held during the summer camp. During the classes students tapped their feet and moved their butts to the tunes of their favourite songs like "Naniterimorni", "Ghoomar", "Lakdi Ki Kathi and also taught them various dance Mudras like Pataka, Mayura, Sim-ha-mukha etc. Students danced their heart out and enjoyed the classes thoroughly. During the classes, students not only learnt various dance moves but also learnt to coordinate their hands & feet with the beats while following the rhythm and words of the song. The classes helped to improve the psychological well-being & developed self-confidence. They also helped the tiny tots to remain agile & fit during these special times when they are mostly staying indoors

## TAKE AWAY FROM THE VIRTUAL SUMMER CAMP

The summer camp developed an insight towards co-relation of mathematical concepts, cognitive skills, aesthetic sense and fine & gross motor skills. The activities helped the children to spend their time constructively. The activities not only helped the children to develop their imagination, attention span and a sense of rhythm but also instilled values and honed critical thinking skills. The children were exposed to the basics of theatrical movements along with enhancing creativity and other fundamental exercises. The sessions were designed to entertain and educate the tiny tots on the same platform. Overall, it was a great learning experience which was thoroughly enjoyed by the children which is evident by the overwhelming feedback received from the parent community.
