BAL SABHA ACTIVITY- CLASS ACTIVITY

JINGLE MAKING - REPORT

*A Jingle is a short slogan, verse, or tune designed to be easily remembered
OR a short verse or song marked by catchy repetition.*

A Jingle Making activity was conducted for students of class III on 28th June 2021. The topic was Over Population. Students were required to create a video while singing the jingle composed by themselves on the topic. The response was overwhelming with so many students coming up with different tunes and self-made jingle emphasising on adverse effects on Over Population. It was such a jingle way to spread awareness! Easy pronounceable English words were used and Video was prepared using various Video making applications. Some screenshots of the videos are attached below:
