

CIF 2020 WAY FORWARD | GUSEC

Setting goals is the first step in turning the invisible into the visible.

Our young innovators, Shikhar Gupta & Kushagra Pant are now on the way to share their thoughts & words with the world !

After their ideas being shortlisted in the Top 50 under the Children Innovation Festival 2020 they are now going to be a part of felicitation ceremony and onto the path to publish their stories of innovation in a special booklet.
Congratulations to them both!

Special thanks to Gujarat University Startup and Entrepreneurship Council (GUSEC) and UNICEF for providing a platform of expression of innovation to the learners.

We thank ATAL INNOVATION MISSION for fostering innovation, ATL Team at school and our School Principal for always being the harbinger of motivation.
