<https://forms.gle/2WHv5rbqgzEr1Kue6>

- The fees chargeable from various areas has been mentioned in the form and will be accepted by cheque only.
- The transport fees will be charged on a monthly basis and the bus routes will be chalked out once the Google forms have been received by the school.

While we remain committed to the safety and security of the children, providing us with the timely correct details for School Transport will help us plan better and provide better facilities. It has been our experience in the past that parents send their consent and thereafter withdraw their requests, creating undue financial burden on the school. We also have had cases, where the requests for accommodating more students on the buses are received, once the service has been initiated. Please note, we plan the seating arrangement in bus, following social distancing norms. Last minute requests or cancellations result in hampering of the smooth services and as such no requests will be entertained after 10 August, 2021.

We would like to draw your attention to the fact that running the school transport and managing the facility is a mammoth task and one must appreciate that the school has shouldered this onerous optional services only to help parents and hence we solicit your cooperation in helping us to serve you better.
