### NELSON MANDELA DAY- REPORT

(14<sup>th</sup> JULY 2021)

*“Everyone can rise above their circumstances and achieve success if they are dedicated to and passionate about what they do.”*

With the wish to evolve and be better speakers, our young enthusiasts participated in the intersection debate organised on 14 July 2021 for the occasion of Nelson Mandela Day. The topic of the debate was – *“A real barrier and to challenge to race equality is the fact that race and racism remain great taboos and are underestimated.”*

Many students appeared for the screening test and the selected ones got the chance to compete in the final round. Three participants from each section were shortlisted for the role of proposer, opposer, and interjector. All the participants put forth their well-researched arguments with real-life examples for two minutes each and were questioned by the interjectors of other sections.

The event was judged by the HOD - Social Science, Ms. Shally Walia. She congratulated all the participants and enlightened everyone about racism and its effects on our community.

Our Headmistress ma'am also graced the event and boosted the morale of our young speakers. Finally, the hosts culminated the program and thanked our honourable judge and headmistress ma'am for sparing her valuable time to motivate the speakers.
