**MODEL
UNITED
NATIONS
CONFERENCE**

**11TH
SEPTEMBER
2021**

Bal Bharati
PUBLIC SCHOOL
Sector-21, Noida

Warm Greetings!

The COVID-19 Pandemic has led to lockdown in almost every country today and has not only restricted movement of people out of their houses but has also brought Nations, especially the economic sector, to a standstill. Not only have the masses been put to test, but countries across the globe have been put in a tight spot to curb the virus simultaneously. They also have to ensure uninterrupted supply of goods and services to save livelihoods. Taking into consideration the immense vitality of addressing this global issue, we at Bal Bharati Public School, Noida, aspire to hold this golden opportunity of hosting the 'E-Model United Nations' General Assembly and are obliged to invite you to vocalize on various topics. Being a successful and constructive organizer of MUN in the yesteryears, the school has taken the initiative of upholding the fourth edition of the conference on 11th September 2021.

Message from the Principal's Desk

Ms. Asha Prabhakar
Principal ,
BBPS Noida

“ If we are to have peace on earth.... Our loyalties must transcend our race, our tribe, our class and our nation; and this means we must develop the world’s perspective.”

-Martin Luther King Jr.

BBPS MUN provides a structured and candid platform where future delegates can speak freely, address their issues or worries as representatives of different countries. Students learn the ability to acknowledge and respect other’s views. MUN is not just about conferences and speeches, it is about self expression and the privilege of being heard. “When the power of love overcomes the love for power, only then will the world know peace.” - keeping this in mind we would like to invite all schools and individual delegates to our MUN, which will be held on 11th of September 2021. We hope, all those who come can return with prolific experiences and a happy and healthy soul.

Stay happy, Stay safe!

Asha Prabhakar

Manya Rai
Secretary General

Message from the Secretary General

Warm Welcome ,

To all the delegates from the Organizing Committee at Bal Bharati Public School Noida's 4th edition of the BBPS MUN. Like each year, we aim to educate and raise awareness in the minds of the young diplomats and make them realize that we are the leaders of tomorrow. With the two conferences being extremely related to our current global condition, we hope to have an extremely fruitful conference. We hope that with each edition, we scale much higher Intellect and Diplomacy.

Looking forward to see you all!

UNITED NATIONS GENERAL ASSEMBLY

Deliberation of Cyber Attacks on the Critical Infrastructure with Special Emphasis on Pegasus

There are only two types of companies: those that have been hacked, and those that will be.”

-Robert Muller

When our phones know more about us than we do, cybersecurity becomes highly important. Without adequate knowledge about the importance of cybersecurity among the masses and recent events like Pegasus spyware where politician of opposition party, journalists, business tycoons etc. were threatened. It undermined not only the personal privacy of individuals but also highly sensitive information about them and the nation were at the verge of being leaked. With even the big tycoon's mobile data being compromised ,chances of a common person being safe from these attacks are close to none.

The aim of this conference is to explore the need for cybersecurity(spreading awareness about the same) , the future of international collaboration among the nations regarding cyber-attacks, the development of International law for cybersecurity and most importantly taking into regard the Pegasus spyware case.

UNITED NATIONS COMMISSION ON THE STATUS OF WOMEN

Achieving Gender Equality with Special Emphasis on Economic Stability and Conflict Resolution

"We've begun to raise daughters more like sons... but few have the courage to raise our sons more like our daughters."

— Gloria Steinem

Gender Inequality remains a major barrier to human development but young girls and women have made major strides since 1990 . The disadvantages that women and girls face are a major source of inequality. All too often, women and girls are discriminated against for health, education, political representation, jobs etc. The aftermath has hindered their capabilities. They fail to exercise freedom of choice as they are often judged on the basis of their gender. Although many countries have brought in decisive changes, yet the stigma lingers. On a wider perspective , the economic instability and the unresolved conflicts between countries worsen the situation and make the life of females miserable.

In this conference, delegates will be discussing how to achieve gender equality, keeping the economic stability and conflict resolution prevalent in mind.
