DEPARTMENT: PRE-PRIMARY
BAL SABHA ACTIVITY REPORT
"DIGITAL BIRTHDAY WISH"

Date: 14.07.2021
Classes: Pre School & Pre Primary
Venue: Virtual Classrooms

Making an E-card with the little Bal Bharatians was a pleasurable involvement for them and for the facilitators. This activity was intended keeping in mind how the pandemic has taken away the real time get together on special occasions like birthdays and anniversaries. The session began with a Happy Birthday song followed by a brief discussion on how to send the card to their near and dear ones.

The Pre-school children started the activity by pasting the big triangle diagonally on the A4 sheet. They then pasted the small triangle below the big triangle. The other two small triangles were pasted in such a way that it made a bow on the intersection of the big and small triangle pasted earlier. Then they aesthetically pasted the flowers on the top edge of the big triangle and subsequently pasted the buttons and leaves. They finished the card by pasting strips on the big triangle to decorate it. They took help from their parents to write their heartfelt wishes on the inside of the card. Children appeared excited and could not wait to wish their family and friends on their special days with the card specially made by them.

The Pre Primary children started the activity by making polka dots on the circles with earbuds using white paint. They then pasted the circles in descending order on the A4 sheet. They also pasted colourful buttons over it. They drew the stem and leaves using crayons. They wrote their heartfelt wishes on the inside of the card. Children appeared excited and could not wait to wish their family and friends on their special days with the card specially made by them.

Learning Outcomes:

- The children understood the importance and love for our family and friends.
- The activity enhanced the student's fine motor skills and aesthetic sense.
