

STUDENTS OF CLASS XI REQUIRING REMEDIAL CLASSES (2021-22)

During the pandemic times many of our students have experienced isolation and lack of motivation to perform and we all agree that motivation in education can have a dramatic impact on students' performance and results. Teachers as facilitators in the offline mode, can positively influence students in achieving this objective. It is our committed endeavour to help our students overcome and minimize distractions and help them achieve better learning outcomes. In this direction students whose performance is not upto the mark, will be attending remedial classes in the offline mode starting from 13 September, 2021 onwards.
