Kidex was a good platform for both the kids and the parents...Kids learnt new things which they might have learned later...It also meant that the activities had to be done on time...It made parents really run their mind...The kidex team helped with the queries too on time...

This platform gets the child to do activities and learn new things in an enjoyable way. 3 months long journey has taught not only our kids but to us parents also to think out of box. This led to broadening his horizon to new learnings. We are extremely thankful to Bal Bharati Public School for providing such a great platform. A special thanks to his class teacher Mrs Sheuli Ghosh

Experience with Kidex was really great. This platform gave children an opportunity to showcase their hidden talents. Saumya enjoyed a lot doing each activity. Also, winning the National Rank-1 in two categories made the Journey memorable. Looking forward to continue with same spirit in the upcoming winter edition of the competition.

Kidex is a extraordinary experience and exposure for kids as well as parents. We as a parent were able to identify our kid's hidden talent and kids were really enjoying doing all the task because those were new and very different from day to day homework.

We wish to thank Kidex for such a platform wherein my girl could get through our life's most difficult phase. The activities are so well crafted that she could do it all alone with such zeal! It kept us engaged to always look forward to something for good 3 months. Thank you and we are up for the next session. Aarvi Verma's Parents 🙏, PP C

The activities were good, spread over different theme and were different from school curriculum.

It helped Advik become more confidant on speaking and multiple themes helped in explore new things.
