REVERBERATIONS

AN ONLINE INTER SCHOOL COMPETITION

(BREAKING THE BARRIER-UNVEILING THE MULTIPLE INTELLIGENCES)

27th - 29th October 2021

The biggest mistake of past centuries in teaching has been to treat all students as if they were variants of the same individual and thus to feel justified in teaching them all the same subjects the same way.

- Howard Gardner

REVERBERATIONS - 2021

(BREAKING THE BARRIER-UNVEILING THE MULTIPLE INTELLIGENCES)

*We believe, the yearning to win over all situations
Is the new normal dictum,
Come, let us create utopian times again
From the dystopian bargain.*

With this thought in mind let us charter a new example that none can stop our indomitable spirit in recreating the aura of yore. Nothing is impossible. Over the past one and half years, school shifted from conventional learning to online learning - from pen paper, chalk duster to Google Meet, forms, Zoom apps, padlets and a host of new apps. Innumerable new skills were mastered and our dear participants surprised us by adapting to the new normal with great ease.

The latest dictum is greater emphasis on cross curricular or inter disciplinary approach. Keeping this in mind, we at Bal Bharati Public School Noida intend to churn a fun filled critical, communicative, holistic competition, celebrating the Multiple Intelligences of individuals, through the Inter School event - REVERBERATIONS. The event proposes to celebrate human intelligence, not as a specific ability, but as multiple modalities of intelligence, celebrating each individual and his individuality.

With the emphasis on creating an aura beyond classroom, yet in school, being connected digitally, we invite young talents to serenade in the world of performing and visual arts, debating skills, enacting characters and thus showcasing their impeccable talent through a vast plethora of activities and events.

With great expectation, I look forward to an active participation from the budding talents of your school.

**Asha Prabhakar
Principal**
