We as parents really appreciate the way you hear to kids. Whenever there is any new word and the kids get confused about it you show them its images. This way the kids are adding new words to their vocabulary.

The Independence Week celebrated by Bal Bharati Teachers and Children's are very appreciable and knowledgeable. It is incorporating the seed of patriotism, ownership and belongingness in child.

My child learns about various new things required for the quiz, this increases his knowledge as well as the recognition of things and interconnections between them. The Patriotic Songs Poem, Flags and Salute made by Vidhan is giving joy and proud feeling. We all are thankful to Bal Bharati Family.

BSA activities on rainy season are astonishing & full of amusment.. kids got connected to the environment practically by doing activities of making frog puppet and rainbow colours and shapes. Everything related to these were very well explained by teachers to kids.. it's the perfect example of Educating the mind with educating the heart.
