

Dear Parents,

This Deepawali, may millions of lamps illuminate your life with prosperity and good health'

Bal Bharati Public School, Noida is an environment conscious school and aims at inculcating ecofriendly culture and practices amongst its students.

As a part of celebrating clean and green Diwali this year, we have planned an activity '**Lets Celebrate a Cubical Deepawali**' for the students of Classes VII and VIII. The Art and Maths faculty of the school will demonstrate the making of paper lanterns using innovative techniques with 3D shapes from 22 Oct, 21 to 29 Oct, 21. The activity will not only enhance the aesthetic skills of the students but will also develop a strong understanding of 3D shapes such as a cube, pentagon, hexagon, octagon etc.

As per NEP 2020 guidelines, incorporating Arts with Maths and Sciences drives students to be more explorative, creative, curious, innovative and aware and helps develop lifelong skills. It helps hone the spatial awareness and mathematical concepts like Geometry. Interdisciplinary approach is the key and will surely help the young Bal Bharatians create innovations in several fields.

The details of the sessions are mentioned below:

S. NO.	DATE/DAY	TIMINGS	CLASSES	TEACHER INCHARGES
1.	22 Oct, 21 (Friday)	08.00 am to 08.50 am	Class VII Class VIII	Mr Niladhri, Ms Namrata, Mr Yuvraj, Ms Vaishali
