

BAL BHARATI PUBLIC SCHOOL, NOIDA

BAL SABHA ACTIVITY

FUN WITH SHAPES- 'CUBE'

DATE- 28.07.2021

CLASS- PRE SCHOOL & PRE PRIMARY

VENUE – VIRTUAL CLASSROOMS

MATERIALS REQUIRED- CUBE (FROM THE STATIONERY BOX)/6 ORIGAMI SHEETS, CRAYONS, BLACK MARKER, GLUE

RULES AND REGULATIONS:

1. It will be an individual activity.
2. The teacher will initiate the discussion on 2-D shapes that we see around us like circle, square, triangle, rectangle etc.
3. She will further explain that the things which we can hold in our hands and feel their shape and size are called 3-D solid shapes.
4. The teacher will introduce 'cube' shape by showing some cube shaped objects which we see in our immediate surrounding like ice cubes, sugar cubes, dice, Rubik cube, etc.
5. The children will be encouraged to feel and count the edges, sides and faces of the cube.
6. They will be able to observe and understand that the faces of a cube are all squares of same size.
7. The teacher will guide the children to create a colourful cube using origami sheets .They will further turn it into a dice.
8. The link of the video is given below to understand the steps of making of a cube.
