

VIRTUAL CAREER FAIR - REPORT

Event	:	Virtual Career Fair
Organized by	:	Delhi Public School, Gurugram
Date	:	18 November 2021
Attended by	:	15 Students of class XI
Teacher Incharges	:	Ms. Aditi Gaur and Ms. Mamta Maggu

A Virtual Career Fair was organized by Delhi Public School, Gurugram for students of class XI. The virtual career fair was inaugurated by **Mrs. Aditi Misra, Principal DPS Gurugram** along with eminent guests like **Ms. Ameeta M. Wattal, Chairperson and Executive Director Education - DLF Foundation Schools · DLF Foundation – India** and **Dr. V. S. Ravindran, Director-General of ICTRC**. The panelists discussed the importance of career planning among school children. They motivated the children not to be disheartened if they do not get the course of their choice, instead keep some alternate choices which can be pursued.

The Mantra for effective Career Planning
Ms Aditi Mishra , Principal DPS Gurugram

Ways to Maximize Career Success
Mrs. Ameeta M. Wattal, Chairperson
And Executive Director Education- DLF
Foundation School

The inaugural session was followed by breakout sessions by more than **30 exhibitors from various educational institutions/universities from India and Abroad** such as **Krea University, Plaksha University, Shiv Nadar University, University of Edinburgh, University of Manchester** and Singapore University to name a few. They showcased their professional programs and courses at this fair. The representatives of various universities gave presentations regarding the courses, scholarships, accommodation and other features available in their universities.

Following are the feedbacks received by the students who attended the fair. “My overall Experience was magnificent and full of knowledge about the universities. Though, I have attended so many webinars earlier but I must say this was something worth watching.”

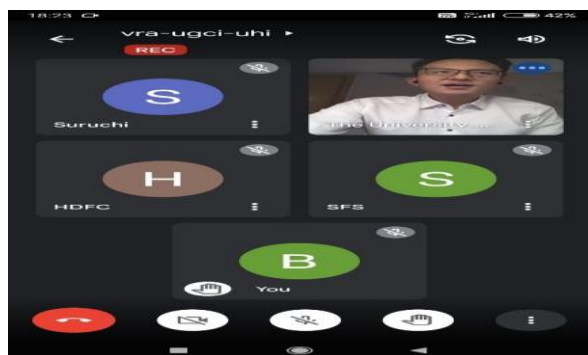

Student Reporter - Saniya Kotiyal, XI

“The interesting feature of the fair was that, detailed information on various career options was given. I got expert advice from representatives from different universities in terms of latest information and technical expertise regarding upcoming careers like AI.

Knowing more about Plaksha University

Interaction with Singapore University

“The session was really good. It gave lots of information about the admission process of foreign Universities and also scholarship process . I also learned about the SAT entrance examination and the agency that help the students with the admission process. I would be glad if our school organizes something similar”
