**WINTER HOLIDAY HOMEWORK**  
**THEME – “PLANTS - OUR LIFELINE”**

**“Don’t Judge Each Day by the Harvest You Reap but by the Seeds that you Plant” - Robert Louis Stevenson**

## **“PLANTS - OUR LIFELINE”**

Dear Parents,  
Warm greetings!

We have compiled a set of sheets and some activities to keep your child engaged in learning activities during the winter vacation. The activities are designed to encourage recognition of a variety of plants that share the planet with humans.

### **PLANTS, OUR LIFELINE**

Plants have a supreme place in the survival of mankind. They provide a green and fresh look to the environment. Therefore, it is our foremost duty to save and protect plants and trees around us. Discuss with your child the value of plants and the consequences mankind will face in their absence. Be sensible, so that our environment wears a look of paradise on account of our GREEN FRIENDS.

### **LET'S GO GREEN**

**PLEASE NOTE:** These worksheets will be assessed for Round IV. All assignments to be done in your respective subject notebooks and use A4 sheet wherever required.

Kindly follow the schedule for uploading your work on MS Teams:
