Pre Primary Department

15 LIFE
ON LAND

THEME:
SDG GOAL 15-
'LIFE ON LAND'

SDG #15:
LIFE ON
LAND

Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss

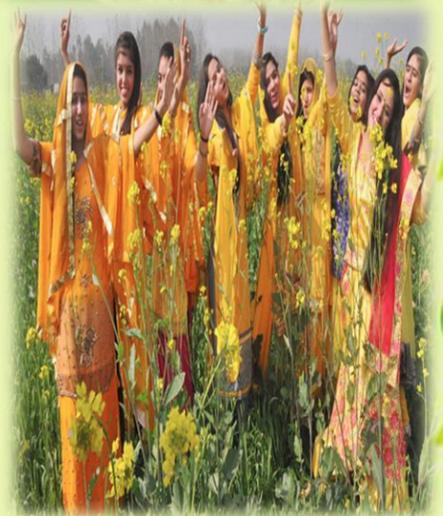

ACTIVITIES PLANNED

According to SDG-15, Life on Land is a significant issue this century. Together, we can protect, restore, and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, halt & reverse land degradation, and halt biodiversity loss. The Pre-Primary Wing is sharing some valuable tips for your everyday life to make a difference. Let's follow it.

Basant/Vasant Panchami Celebration- (Special Assembly)

Basant/Vasant Panchami is a festival that marks the beginning of preparations for the Spring season. It is celebrated in various ways in different parts of India. Basant Panchami is dedicated to Goddess Saraswati, the Goddess of knowledge, language, music, and arts. On this day, people wear yellow traditional clothing and accessories to honour the Goddess as yellow is her favourite colour.

A Special assembly is to be held on the occasion of Basant Panchami to celebrate and inculcate the importance of the festival.

Teacher In charges:

Ms. Neeru Sharma and Ms. Manami Ghosh

Date: 4th February 2022

'Plants'-Source of Life (Science Experiments)

Plants! Without plants, life is not possible. Their presence cannot be substituted. Let us understand the various ways in which plants are important to us. The plants are the producers of the food chain. Plants help us sustain life on Earth.

Science experiments related to plants will be conducted.

Teacher In charges:

Ms. Sheuli Ghosh and Ms. Kuldeep Sood

Date: 7th February 2022

CAN WE
LIVE
WITHOUT
PLANTS ?

Life on land-Animals & Food Chain (Art & Craft)

With millions of animals on Earth, the animal kingdom is undeniably diverse. We will showcase some amazing animal facts to familiarize the children with earthly biodiversity and simultaneously understand the interdependence through the food chain.

A craft session will be held.

Teacher In charges:

Ms. Gitika Thapliyal and Ms. Eva Kulshrestha

Date: 14th February 2022

Parent-Teacher Meeting

An Interactive PTM will be conducted between 7th to 12th February 2022.

Let's Make Life better on land! (Slogan March)

A flourishing life on land is the foundation for our life on this planet. We are all part of the planet's ecosystem, and we have caused severe damage to it through deforestation, loss of natural habitats and land degradation. Promoting sustainable use of our ecosystems and preserving biodiversity is the key to our survival.

Structured Conversation to be taken up by the respective In charges.

Teacher In charges:

Ms. Nitika Bhatia and Ms. Anju Raghav

Date: 21st February 2022

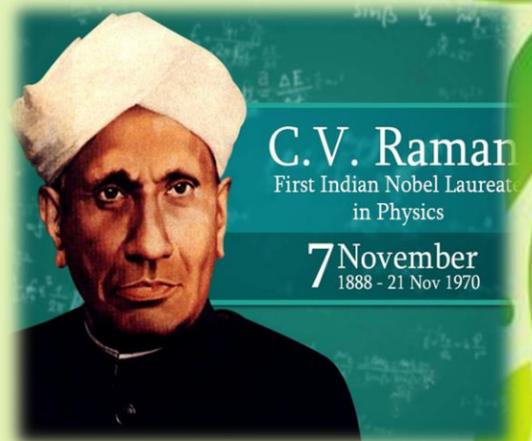

National Science Day-28th February

'The Magic of Science'

Science is present even in the smallest of the actions that we do. National Science Day is celebrated in India on 28 February each year to mark the discovery of the Raman effect by Indian Physicist C.V. Raman on 28 February 1928

Let us understand the importance of science in our day to day life and how science creates an environment of magic.

An activity planner based on the scientific activities will also be shared.

Teacher In charges:

Ms. Vibha Khurana and Ms. Payal Chauhan

Date: 28th February 2022

Please note the following:

* Currently, 'Care & Connect' and 'Let's Recap' sessions are going on with Pre School and Pre Primary children, respectively, to ensure all children achieve minimum learning standards.

* 'Bridging the Gap' activities are designed for Class Pre Primary children to make a smooth transition from class Pre Primary to class I.
