

## HUMOUR IN CLASSROOM

Session 2021-22

CLASSES: III-V

*“A class that is laughing is a class that is learning”*

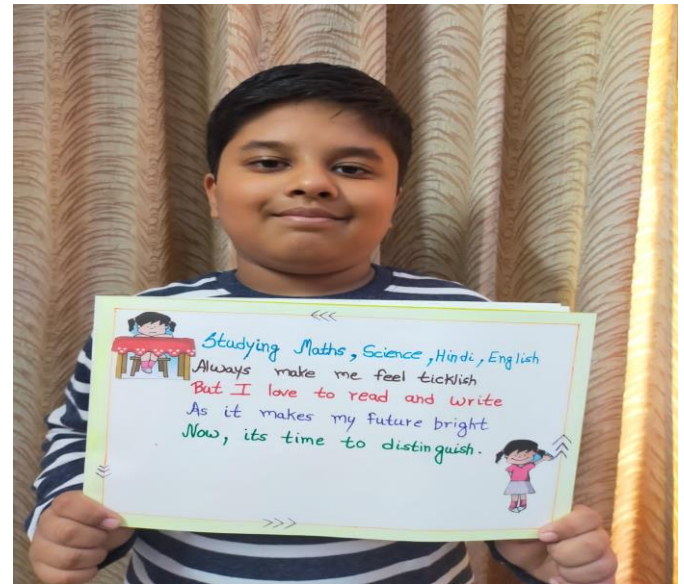

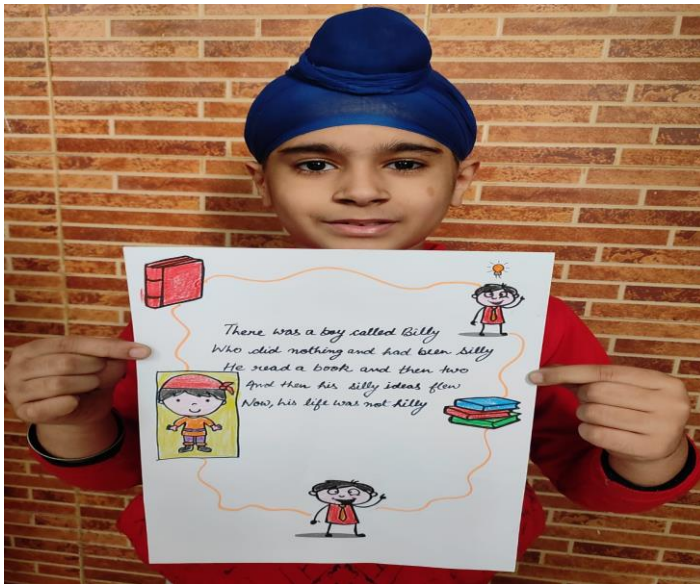

Students learn when learning is fantastic. And, fun is added to learning when the element of humour is added in the activities planned for the students. We, at Bal Bharati Public School, Noida make sure that we give it its due importance to make the teaching learning process efficient.

Humorous activities were conducted in classes III-V. Some of them included composing limericks. Limericks are funny poems with a simple structure that our little poets mastered easily. The limericks composed by the students also had illustrations, which amplified the presentation and creativity of the poems. Role play was also taken up in class V and students created humorous videos.

“Humour in Classroom” activities were taken on a regular basis to keep the element of humour constant in the classroom. Funny idioms were introduced in the class to allow the students to distinguish between literal and figurative meanings. We have inculcated many activities like idioms, riddles, anecdotes, phrases, jokes and even satires, narrating an incident. These innovative activities made everyone giggle and learn at the same time.
