**REPORT**

National Youth Day is celebrated on January 12, every year in India to honour the birth anniversary of Swami Vivekananda, one of India's greatest leaders and believers of youth power.

For classes III, IV, and V, the activity When I grow up, a role playing, was planned. The activity aimed at empowering the new generation to think about their future as responsible citizens. Students expressed their goals and how their goal will be beneficial for the country. Swami Vivekananda Ji always believed that youth have the power to create a better future. In students' work, we saw glimpses of his belief.

To dream, is the first step towards fulfilling the dream. Our students have eyes full of dreams, that they plan to achieve. Through this activity, students were given a space where they could give words to their dreams. Role play activity aimed at giving expression to students' aspirations. Students expressed their aspirations and described how they plan to become a responsible citizen of our country.
