

ILLUSTIOUS ALUMNI OF BAL BHARATI PUBLIC SCHOOL, NOIDA

SR.NO.	PHOTOGRAPH	NAME	PROFILE	ALUMNI SPEAKS
01		TAVISHI BEHAL PANDEY	Regional Passport Officer, Protector of Emigration, Regional Director, ICCR MINISTRY OF EXTERNAL AFFAIRS, GOVERNMENT OF INDIA	As I enter the daunting task of school-hunting for my elder daughter in the admission season, I cannot help but reminisce with rose-tinted glasses my fond association with Bal Bharti Public School and the profound impact it had in shaping my personality and my career. Our training in the school was never confined to the textbooks and we were always encouraged to participate in wide ranging extra-curricular activities which ensured that all of us could identify our true calibre and accordingly chart our future course. There are several teachers and my friends with whom I forged life-long bonding, never mind the fact that our hectic schedules in these turbulent times may permit just intermittent communication. I express my heartfelt gratitude to my beloved school for all the cherished memories and it would be an understatement to mention that my school is the single major contributor in whatever I have been able to achieve in my life so far.
02		POSHMAAL DHAR	<p>Postdoctoral research fellowship at Deakin Univeristy. lecturer in Medical Science at Deakin University Australia, Chair of the Undergraduate Biomedicine Unit called Emerging Infectious Diseases.</p> <p>Her research is focused on deciphering early life origins of allergic and auto inflammatory diseases in children, including asthma and diabetes.</p> <p>Was a part of Deakin University and Barwon Health Hospital COVID taskforce focusing on understanding epidemiology of COVID, with an emphasis on host immunological factors that predispose humans to a severe Covid pathology.</p>	<p>As a BBPS, Noida student, I was very active in both curricular and co-curricular activities.</p> <p>The school helped hone my leadership skills by giving me a chance to be part of the student council. I learnt a lot about discipline and its importance in one's life from it.</p> <p>I truly believe, that my confidence towards choosing to become a researcher, a scientist was because of a strong foundation that I was able to form during my formative years.</p>

03		KRITIKA KHURANA	<p>Assistant Professor in the Department of Commerce, Maitreyi College, University of Delhi. She has been awarded "TEACHERS EXCELLENCE AWARD" by University of Delhi for the year 2014-15. She has to her credit research papers which have been published in international journals. Her area of expertise includes Taxation (both Income Tax and GST). She has also co-authored a book on Goods and Services Tax and Customs Law for Graduate and Post Graduate Students.</p>	<p>My association with Bal Bharti Public School started in 1992 since its inception. This school has nourished me into what I am today the Teacher's, the principal, even the chairman, all the people associated with the school, all my classmates have boosted my confidence and increased my strength in public speaking, in bringing the best in me as they put me in commanding positions where I could show my leadership skills.</p>
04		SHUBHAM PALIWAL	<p>Completed his B.Tech and M.Tech in Mathematics and Computing from IIT Delhi. Following that he worked at NatWest Markets as a Senior Quant Risk Analyst for more than 2 years. Currently, he is working at Barclays International as a Trading Analyst. He has been part of many sporting and extra-curricular activities, throughout his schooling and college life.</p>	<p>My interest in mathematics and participation in Mathematics events aren't any news to my colleagues and teachers and I would like to credit this to the teachers and their teachings. I believe that this has shaped my career completely. I can think of many instances where my teachers went out of the way to help, counsel and guide me, especially in my very tenuous phase of senior secondary years.</p>

05		SAURABH KAURA	<p>He has recently graduated with a Masters in International Business from UNSW Sydney and is now working for a rapidly growing startup in Sydney as a Marketing & Growth Specialist. Saurabh was recently selected as one of the nominees of the New South Wales International Student of the Year Award for his tremendous contributions towards the postgraduate student community.</p>	<p>I still look back and fondly remember my time back in school where I learnt some key skills which I continue to apply in the real world today. I feel the cooperation extended by all the teachers instilled in me a lot of confidence. My experiences in the school are something I really cherish.</p>
06		SHORYA KAPOOR	<p>Bakery Technologist and Chef, CEO/Director at Assocom Foods Pvt. Ltd.</p> <p>Shorya Kapoor is a 'A' grade certified Baking Technologist by AIB International, USA (formerly American Institute of Baking). He also completed three years Associate Degree of Baking Technology (2012-2015) from Hyejeon College, Korea. (September 11, 2012 – February 12, 2015). In addition, he has attended various short term and long-term programs at Tafe Hunter, Australia. and he also Certified Food Safety Trainer</p> <p>He started his venture "The Cyprus" in 2021 as founder and director of Assocom Foods Pvt Ltd.</p> <p>Being a celebrity Bakery Technologist and Chef, he has been conducting various product promotion and training programs for a few international and national organizations</p>	<p>My journey in school has been a pleasant one with all the teachers supporting me in my endeavors. The school developed a keen desire in me to explore unknown vistas It gave me the impetus from where I could visualize my dream and achieve it today.</p>

07		PRIYANKA ARYA	<p>A professional actor and writer based in Mumbai and a happy alumna of Bal Bharati Public School, Noida. Known for her work in Student of the Year-2 (2019) and Munna Michael (2017) I have performed in numerous ads and Bollywood movies.</p>	<p>My schooling years were fantastic with various opportunities to be different versions of my own self and in the process explore my latent potential. These were some of the most beautiful years.</p>
08		DR. VAIBHAV MITTAL	<p>MBBS, M.S. Orthopaedics Senior Resident R.M.L. Hospital New Delhi</p>	<p>BBPS laid the foundation for me to develop a strong personality that helped me throughout my strenuous training to become who I am today. The values and integrity inculcated by my teachers helped me during my journey from a young medical student to an orthopaedic surgeon</p>

09		PRATISTHA SRIVASTAV	Senior Product Manager, Palo Alto Networks, California.	<p>Bal Bharati Public School played a pivotal role in enabling me to reach where I am in my life today. Throughout my journey, it allowed me to upskill by partaking in a multitude of extracurricular activities, sports competitions and even leadership opportunities. Becoming a state level swimmer, house captain, vice head girl and finally the head girl by 12th standard was not just exhilarating but also challenging.</p>
10		MUDIT GUPTA	Solution Specialist working in Mckinsey & Company.	<p>It's been more than a decade since I passed out of BBPS. However, I still feel I could do with few more years of schooling. You just can't get enough of it.</p> <p>I still remember doing my first television gig while in class I, my first standup comedy in class III, winning my first dance competition in class IV, and theatre in class V. I was a part of the school's basketball team and had my fingers sticking into other activities while not letting any of it impact my scholastic education.</p> <p>The reason I say scholastic at the end, is because I believe learning all other things at school is more of an education. Those are life skills and are irreplaceable. Theater taught me confidence, dancing taught me agility, basketball taught me team spirit and fair play. As just another good Science student, I ended up becoming an engineer. Not by force, but by choice.</p>

11.

Mrityika Nandy

Assistant Professor : Political science in Serampore Girls College : University of Calcutta

Mrityika Nandy is an Assistant Professor of Political Science at Serampore Girls' College, University of Calcutta. She is currently pursuing her Doctoral research on the idea of Corporate Social Responsibility in India at Centre For Political Studies, Jawaharlal Nehru University. She specializes in areas like Indian Politics and Political Economy and takes immense interest in analyzing contemporary trends. She has worked with Ananta Centre (Indian desk of Aspen Institute, USA) and Food First Information Action Network (FIAN), India. Very recently she published an article titled, "A Shadow Pandemic: Understanding the Various Contours of Domestic Violence in Marital Discord" focusing on rise of domestic violence in India during the pandemic. Mrityika is an Alumni of Bal Bharat Public School of India and Delhi Public School, R.K. Puram. She completed her graduation in Political Science from Miranda House, University of Delhi. Her Masters and Research Degree; MPhil were awarded by Jawaharlal Nehru University. She is an Odissi Dancer, a student of Dona Ganguly (wife of Saurav Ganguly; President of BCCI and CAB). She is extremely enthusiastic about Music, Drama and Sports specifically football. An avid fan of German football team and reserves her loyalty whenever there is a soccer world cup around. On weekends, she is often found surfing the social media, watching Korean dramas on Netflix and learning a foreign language oscillating between German and Korean dialects.

12		DR. AAKRITI PESHION	<p>A psychiatrist, psychotherapist and a mental health advocate, currently working at the Institute of Human Behavior and Allied Sciences, Delhi.</p> <p>Passionate towards improving women and children's mental health and eliminating the stigma against mental illnesses.</p>	<p>They say that it takes a village to raise a child...For me, it was my school. Bal Bharati Public School will always hold a special place in my heart. The school gave me the confidence to pursue my dreams and provided me ample opportunities to do so. The school has the perfect balance of academics and extra-curriculars, which is quite rare. Even ten years ago, the school was always a step ahead, which gave me an edge. My alma mater taught me not just history or science, but also valuable life lessons which are still close to my heart. I'm proud to be a part of BBPS!</p>
13		MUKUND MARODIA	<p>Mukund Marodia is a knowledge enthusiast passionate about social impact, teaching and strategy. He has 4+ years of professional experience spanning across the corporate, government, and academic world. Currently, he is working as Manager, Strategic and Academic Affairs at the Indian School of Development Management, Noida.</p> <p>He has previously worked as a management and governance consultant with Bain & Company, The Boston Consulting Group, and the Government of Himachal Pradesh. Mukund graduated from St. Stephen's College, Delhi University with a degree in science, and pursued the Young India Fellowship program at Ashoka University.</p>	<p>Mukund considers his school years at BBPS, Noida to be the best years of his life. The school played a significant role in developing him into a well-rounded, confident, multipotentiality person. He believes that the enabling environment of the school helped him to nurture his talent and curiosity, and explore diverse passions and hobbies.</p> <p>He is extremely grateful to his teachers who have left a lasting impact on his personality. It was their support and belief in him which helped him to dream big, aim high, and pursue excellence in all his endeavours.</p> <p>Quizzing and theatre happen to be the 2 most cherished activities which he continued even after his school days. The exposure and training which he received at school helped him become one of India's top quizzers at both the school and college level.</p> <p>Fun fact 1: Mukund still remembers each and every subject and class teacher of his, including the lessons which they taught! Fun fact 2: Till date, Mukund finds himself in the campus of BBPS Noida in many of his dreams!</p>

14		DR NISHTHA SINGH	<p>Dr Singh is currently working as COVID Vaccination Officer at Evangelical Mission Hospital.</p> <p>She had been a Junior Doctor in the same hospital in March 2020</p> <p>She has done MBBS from Christian Medical Collage, Ludhiana (2013-2019)</p>

16		RIMJHIM PANDEY	<p>Rimjhim Pandey is working under the Department of Revenue, Government of India.</p> <p>Earlier she has worked as assistant commissioner and deputy commissioner.</p>	<p>BBPS Noida has been a very crucial part of my growing up. Having spent 9 years of my formative age in this institution, I can say that it has played a vital role in shaping my personality, nurturing my value system and giving me some of the most cherishable memories.</p> <p>I would really like to thank the school for the education it imparted which is much more than rote learning and it really helped me in my preparation for the Civil Services exam.</p>
17		NIKHILESH SINGH BIST	<p>Nikhilesh Bist is an engineer with MTech. in Building Energy Performance from CPET University, Ahmedabad.</p> <p>He works toward an integrated design approach for the sustainable development of the built environment considering energy efficiency, architectural design, occupants' comfort, and well-being.</p>	<p>During my 14 Years of schooling at BBPS Noida, I have participated in various sports and extracurricular activities which have groomed me into a confident personality and wonderful memories to adore too. I would like to thank all my teachers in BBPS Noida for helping me and preparing me for my future.</p>

18		<p>MAJOR SOUMYADYOUTI BOSE</p>	<p>Major S. Bose has done his three-year training from National Defence Academy, one year at Indian Military Academy.</p>	<p>The first word that comes to my mind when I reminisce of my alma mater is 'gratitude'. BBPS has played a huge role in shaping my personality and has made me what I am today. Different cliques of friends- bus friends, classroom friends, playground friends, some of whom I am still in touch with and hope our friendship will stand the test of time.</p> <p>I am grateful to the wonderful teachers who have filled my head with knowledge and equipped me to face the unforgiving world. any trips down the memory lane would be incomplete without the first stop being BBPS.</p> <p>My path which began at Montessori. BBPS eventually led me to choose a life less ordinary, that of an Indian Army Officer. I will be forever grateful for the role played by BBPS and its amazing teachers in my formative years.</p> <p>I shall forever cherish the bonds of friendship and the innumerable precious memories have made.</p> <p>Hope to see my school and my teachers soon.</p>
19		<p>HIMANI NEGI</p>	<p>Chartered accountant with experience in auditing (Ex EY). currently working with an Australian investment bank in risk management. Himani, is also a runner, having completed 4 half marathons and is actively involved in animal welfare activities</p>	<p>Life at BBPS was surely a learning experience. It is where I was introduced to the world of sports and it changed my life completely. BBPS not only gave me the confidence to celebrate my uniqueness but also taught me to balance academics and passion at the same time. This is the sole reason I am able to pursue athletics even at this age with a fulltime job.</p> <p>Over the years I made some unforgettable bonds with teachers and friends which will remain with me lifelong.</p> <p>I can proudly say, Whatever I am today I owe it to this school.</p>
