# CLASS III

## Sustainable Development Goal 14

**Dear Parents,  
Warm Greetings !**

**This year, we carry forward our endeavour to work and support UNSDGs. The students are expected to work on projects and activities designed on the selected goal– Life Below Water, which will keep them engaged in creative and fruitful pursuits during the summer break. The HHW will not only give an insight into some of the prevailing issues which need timely addressal, but also provide an opportunity to make sincere efforts to ensure sustainability and prosperity for the future.**

**Each student is expected to undertake all the activities assigned in the holiday homework.**

**The assigned work is to be done as per the instructions given at the end of each HHW activity.**

**PLEASE NOTE: Round 1 assessment will include grading from the Holiday Homework for scholastic and co scholastic activities. Children are requested to complete the activities and submit to their subject teachers.**

**\*All the activities and the use of internet for doing the activities to be done strictly under the supervision of parents.**

**\*Practice sheets of English, Hindi and Maths will be uploaded on teams channel. Work to be done in notebook and brought as per the schedule.**

# What's Below The Water? Let's Find Out!

SDG 14

# ENGLISH

Dear students, we know your love for readings books, especially comics. So as part of a fun and stress-free Holiday Homework, we are sharing below a link for an amazing Comic Strip.

[Annie Sunbeam English \(yumpu.com\)](http://yumpu.com)

After reading this comic, students are required to create a little dictionary of their own, developing on the theme of 'Life Under Water'. Write down all the difficult words that you have come across while reading, in your 'dictionary' with their meanings.

Important keys to make your Dictionary:

- The dictionary has to be pocket friendly.
- The cover page of the dictionary can depict 'Ocean Life'.
- Ocean life can be shown with the help of stickers, drawings, and other creatives.
- The inside pages can be made attractive with images of sea animals and plants.
- The blank pages of your dictionary can be of handmade sheets, rough or recycled paper.
- Decoration of the Diary/Dictionary has to be as per the theme 'Life Under Water'.

# हिन्दी - कला एवं विज्ञान के संग एकीकृत गतिविधि

गतिविधि - ओरिगामी कला - जापान की एक प्रसिद्ध पारंपरिक कला है ,जिसमें कागज़ को तह करके मोड़ - मोड़ कर खूबसूरत कलाकृतियों का निर्माण किया जाता है । ओरिगामी कला के माध्यम से कोई भी चार विभिन्न रंगों के कागज़ से समुद्र में रहने वाले 4 जीव जन्तुओं का आकार बनाएँ | फिर एक गत्ते के डिब्बे में इन्हे रखकर खूबसूरत सा एकवेरियम बनाएँ व अनमोल जल के महत्व को बताते हुए एक स्लोगन / नारा भी लिखें | सुझाव दिया लिंक :

# MATHEMATICS INTEGRATED WITH ICT

Dear students,  
As we have learned about 2D and 3D shapes, let's wear our creative hat and imagine the "Life below Water" in those shapes.

## ASSIGNMENT

Draw a picturesque scene from life of underwater plants and animals on Paint 3D using 2D and 3D shapes and submit the printout of the same.

## Ocean Animals

### Assignment 1- Under the Sea Paper Plate Aquarium

With the vision of a clean and plastic free ocean, kids will adorn their aquariums with perfect seashells, recycled/ waste material.

Students will use the paper plates as base of the aquarium, colour it and call it their own.

## PLASTIC is not FANTASTIC

### Assignment 2- I Care About Marine Animals

As we know plastic suffocates marine animals and kills upto a million each year. Students will create a poster on an A4 size sheet showing how plastic affects the marine life. Students should focus on the theme, "Stop Ocean Plastic Pollution".
