

REPORT ON BAL SABHA CLASS ACTIVITY (CLASS I-II):

ALLURE: CREATING MAGIC CHARMS

'I've got a magic charm, that I keep up my sleeve, I can walk the ocean floor and never have to breathe' ~ Maya Angelou

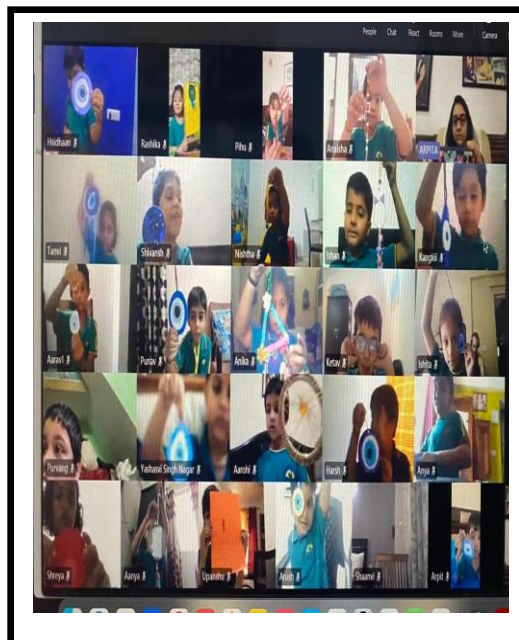

A magic charm is a magical spell or an object that brings luck: it's also a quality of being attractive and pleasing. To charm someone is to attract them. There are several types of charms, but they mostly relate to attraction and good luck. Dream catcher and evil eye are a few examples. Keeping this view in mind, ALLURE, a Bal Sabha Class Activity for Classes I & II was held on April 27, 2022.

The students had to bring cut out of magic charm of their own choice. They were then required to decorate their charm with decorative materials like beads, mirrors, colours, etc. The students participated in the activity with great zeal and enthusiasm. They got an opportunity not only to enhance their art skills but to exhibit their talent and creativity.

GLIMPSES OF THE ACTIVITY:

Masterpieces!

An Intellectual Bonanza

Engrossed Mind
