1.SHAPATH:Pledge on Swachhata

2.TRAVEL TIME:Video Making on Virtual Tour of the partner state showcasing the traditional methods of water conservation.

CLASSES: VI- X

REPORT FOR THE PERIOD: MAY 2022

S. NO.	DATE	OBJECTIVES	ACTIVITY	LEARNING OUTCOMES
1.	5.05.2022	To promote a culture of cleanliness and hygiene in a holistic manner and also help our children realize the importance of SDG goals and encourage cost effective sanitation efforts.	SHAPATH: Pledge on Swachhata	To inculcate the spirit of patriotism and to spread and educate children on the advantages of cleanliness of our societies.
2.	8.5.22	The objective is to conserve water ,avoid water wastage and protect natural water bodies & aquatic wildlife.	TRAVEL TIME: Video Making on Virtual Tour of the partner state showcasing the traditional methods of water conservation.	To sensitize the young learners and make them understand that water is an essential and a finite resource that is rapidly becoming scarce. Global Warming is drying up lakes and rivers, while rapid urbanisation and water pollution are putting enormous pressure on the quantity and quality of surface and ground water. The country's fragile agricultural system still depends primarily on rainfall and a bad monsoon season can wreck havoc on the national economy.
