TESTIMONIALS

First of all, I would like to thank the entire teaching staff of story narration summer camp for making it so much fun for the kids and also a great learning experience.

Aashna was having problem in making friends in school and was not talking much in the class before the summer camp. But we have witnessed very positive changes in her during the summer camp. She made a lot of friends and started communicating in the school.

At home also we have noticed changes in her. She is now telling stories and is more interested in story books rather than cartoons.

Thanks to all teachers for making this Story Narration activity a fun and good learning activity for our children. Saanvi was telling us daily about what happened in the activity like Ma'am says "action" and also she told some parts of the story "The Blue Jackal". And she learned her dialogue very well. Which we saw in the video.

We noticed some small and good changes in Saanvi after this activity and all this happen due to the hard work of the teachers. Once again thanks Sheuli Ma'am, Manju Ma'am and Manami Ma'am for their hard work. Specially Manami Ghosh Ma'am to encourage and give her this good opportunity and support her.

Thanks to all the teachers for putting an extra effort and making these last few days memorable for our kids. Aryaman and esp. Anaaira are shy and find it difficult to make friends. This summer camp provided them with the platform to open up, express themselves and make new friends.
