

INTERNATIONAL LITERACY DAY
8TH SEPTEMBER, 2022

"The more that you read, the more things you will know. The more that you learn the more places you'll go."
-Dr. Seuss

International Literacy Day is a celebration that started in 1967 by the United Nations Educational, Scientific, and Cultural Organization. The day is meant to showcase and remind the world of the importance of literacy.

From reading a phone screen to understanding the news headlines, one's literacy skills come into play. That's why it's important to support literacy and education for all.
