**Class:IV-V**

**Theme :PAPER COLLAGE MAKING ON Stop Poaching**

Poaching is the illegal trafficking and killing of wildlife. Poaching, in law, the illegal shooting, trapping, or taking of game, animals or plants from private property or from a place where such practices are specially reserved or forbidden. Poaching is a major existential threat to numerous wild organisms worldwide and is an important contributor to biodiversity loss. Maintaining Earth's biodiversity is critical as we rely on it for ecosystem services, which makes life possible. To have any hope of achieving this, poaching must be stopped. The students of class IV and V make paper collage on the topic Stop Poaching so as to raise an awareness regarding this.

The students participated in the activity with great zeal and enthusiasm. They got an opportunity not only to enhance their art skills but to exhibit their talent and creativity.
