**DATE: 21.09.2022**

The facilitators started the activity with the discussion on “International Day of Peace”. To strengthen the understanding on importance of this special day, the facilitators began with meditation followed by ‘Shanti Path’ during the circle time. The facilitators then introduced ‘Dove’ as the symbol of peace to the children. And explained that due to it’s pure, humble, calm connect with humanity and nature, Dove is a symbol of peace since long period of time.

Paper cut-outs, googly eyes and silver origami sheets were distributed among the children. The facilitators demonstrated the steps of making a 3-D Dove. The children were encouraged to follow the steps and create their dove by using cutting-pasting and fan folding technique. They were not only able to enhance their fine motor, creative and imaginative skills but also learnt about the importance of this special day.

The activity was a success as the children of Pre School and Pre Primary classes enthusiastically participated in the activity and took great pride in exhibiting their beautiful 3-D doves.
