**BAL SABHA ACTIVITY (2022-23)**

**CLASS ACTIVITY**

**EVENT- Digital Collage on Online App**

**DATE** : 12.10.2022  
**CLASS** : III- V  
**THEME** : Festivals of India

Festivals are an expressive way to celebrate glorious heritage, culture and traditions. Kids have a better memory about a festival when they learn about its glory in a fun manner. To building cultural habitats and growing with good ethics, teachers of classes III-V demonstrated the picture collage making app in Zero Period on 12<sup>th</sup> October through Interactive Panel. Students created collages at home under their parents' supervision and shared the screenshot of their work in the assignment created by the respective class teachers on Microsoft Teams. Students prepared collage by using any of the online/offline apps like Ms Powerpoint, Photovisi <https://www.photovisi.com/>, Pics Art, Canva, Photo Collage.net <https://photo-collage.net/photo-collage-maker> and created a digital collage of pictures on the given theme. Participants required 6-8 good collection of pictures on "Festivals of India", good Internet connection and Online/Offline App. Students were fascinated as they used technology through which they were able to share best pictures collection of their favourite festival through a digital collage. A few students even used various elements available in the app to decorate and enhance their collage.

**GLIMPSES OF THE ACTIVITY:**

Various festivals of India demonstrated by a student through digital collage.

Student presented a collage using his own pictures celebrating his favourite festivals.

Student used various elements and different fonts while preparing the collage.

**Convenor:**  
**Ms.Palak G, Ms.Sonam M**
