

INTERNATIONAL VIRTUAL INTERACTION (14 October 2022)

"Culture is the widening of the mind and of the spirit." – Jawaharlal Nehru

To celebrate cultural diversity and to further share our cultural identities and expressions, Bal Bharati Public School, Noida collaborated with Izmir Sev Elementary School, Izmir, Turkey in an attempt to enable the students of both countries to appreciate the cultural riches of the two nations. The collaboration took place on 14 October, 2022 elaborating on the theme "Understanding Culture" where students of class III interacted with their Turkish counterparts.

Bal Bharati Public School, Noida, hosted the show and shared the culture and heritage of India by first welcoming the Turkish team with a classical dance performance by one of our students. This was followed by introducing the Indian dance forms, traditional art forms, and tourist places of India. While Turkish students shared their cuisines, dance forms and indeed made all of us grove to the beats of Turkish music. The enthusiasm took to another level when Mr. Faiz Ahmed (Prt Arts) took a live session on 'Madhubani Art' and all the students from both the countries had a whale of time while drawing their Madhubani Art piece.

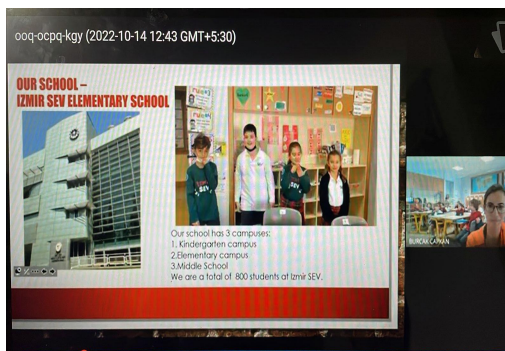

Teachers and mentors from both the schools also interacted and enlightened the students by sharing insights about their countries. All the representatives along with the students witnessing the show participated enthusiastically and made this alliance memorable and noteworthy for everyone.

Welcoming our Turkish friends

Experiencing Indian culture

Turkish Presentation

The mesmerizing "Madhubani" session
