

## **REPORT ON CBSE EXPRESSION SERIES QUARTER II**

*“The journey of a thousand miles begins with a single step”*

India is the birthplace of world- famous figures such as Mahatma Gandhi, Gautama Buddha, Rani Lakshmbai, Ratan Tata, and many others. India is a country with well-developed towns, heritages, temples, and other tourist attractions such as the Taj Mahal, Gateway of India, Ajanta and Ellora Caves, and others that are considered icons of Indian tourism.

As part of the celebration of Azadi Ka Amrit Mahotsav (AKAM), CBSE conducted its second quarter’s Expression Series focusing on conserving the natural environment, cultural assets and traditions. The topic of CBSE Expression Series Quarter II was **“Tourism in India”**. Following the footsteps of CBSE, Bal Bharati Public School, Noida organised the Expression Series activity for classes III- V wherein the students showcased their linguistic skills by writing on the topic- **“The tourist place I like the most and why...”** . The Expression Series focused on the students envisioning a booming tourism industry by the year, 2047.

From the economic advantages that tourism brings to host different communities, students understood the undisputable value of this industry and gave flight to their linguistic skills whilst writing on the same. A step towards making them responsible citizens by bringing a sense of unity between people and countries was achieved by conducting the activity.

### **Here are some glimpses of the activity :**

Students being the navigators of their journey!

Travelling for fulfillment while writing to reminisce the memories.

Young erudites showcasing their linguistic skills!
