

Miracle Millets- Tasting Party

An endeavour by Interact Club BBPS, Noida

Dear Parent,

Spearheaded by the Prime Minister, Shri Narendra Modi, the Government of India sponsored the proposal for International Year of Millets (IYM) 2023 which was accepted by the United Nations General Assembly (UNGA).

Millets' were among the first crops to be domesticated in India with several evidence of its consumption during the Indus valley civilization. Millets are considered traditional food for more than half a billion people across Asia and Africa.

In India, millets are primarily a kharif crop, requiring less water and agricultural inputs than other similar staples. They are important by the virtue of its mammoth potential to generate livelihoods, increase farmers' income and ensure food & nutritional security all over the world. As the global agrifood systems face challenges to feed an ever-growing global population, resilient cereals like millets provide an affordable and nutritious option.

Towards this endeavour, through a collaborative approach, BBPS Noida urges all parents and students to come forward and join hands to revive the forgotten glory of 'Miracle Millets' through the grand celebration of International Year of Millets - 2023

Our little master chefs have curated age old recipes using the millets to uprise the society at large that indigenous foods are not only healthy, but also appeal to the gastronomy of the Gen Z.

Parents are invited to a tasting party comprising healthy food and beverages on school ground, near Gate-1 during the PTM Day, 25 March 2023.

Come be a part of our endeavour to help us popularize Millets!!!
