

**REPORT**  
**BAL SABHA ACTIVITY (2023-24)**  
**प्रकृति की लीला न्यारी है**

**Date: 19.04.23**

**Classes: I and II**

**Theme: International Mother Earth Day**

*“In every walk with nature, one receives far more than he seeks.”*

*-John Muir*

International Mother Earth Day, promotes harmony with nature and reminds us of the importance of protecting all the different ecosystems and species on our planet. We are all responsible for protecting our planet and looking after all the species that live here.

To celebrate this day, students of class 1 and 2 built bird feeders in different forms. Our learners came forward and expressed their gratitude towards our loving mother earth.

The activity gave our students an opportunity to observe the wonders of nature. It also encouraged our learners to directly engage with nature, value, and appreciate it.

The activity was conducted to provide students with understanding of nature and creativity. Students were encouraged to create a bird feeder using materials available at home, which they used to feed birds during the summer.
