ANNUAL SUMMER CAMP REPORT SESSION 2023-24

"Everything good, everything magical happens in the month of May."

It's summer time and the school holidays are upon us with both parents and children gearing up for a long, hot summer in the age of technology. With human inventions that were directed to make work and life less physically demanding, people tend to miss basking in the luxury of life by getting physically involved in multifarious activities. Seasons come and go but summer is when life is in full swing. Therefore, in order to engage our students, Bal Bharati Public School Noida organized a recreational summer camp from Pre-School to Grade 8 to give a refreshing fun experience to our young learners.

LIFE BEGINS AT SUMMER
CAMP

RECREATIONAL ACTIVITIES

From singing around to bringing one's latent talent to surface, summer camp is an opportunity to capture all the memories of the greatest moments one experiences. Children are fascinated with recreational activities as they are as necessary to our well being as the more serious pursuits of life. Recreational Activities undertaken during the summer camp can be the best memory of one's childhood and BBPS Noida takes pride in creating those joyful experiences through the activities- Paper Craft, Indian Folk Dance, The Promising Dramebaaz and Theatre. The Camp witnessed active participation from the young enthusiasts wherein more than 132 children enrolled in the activities organized.

All the activities were well incorporated with the academic planner as they nurture and develop the various aspects of learning like- creativity, team spirit, decision making, giving the global dimension for better conceptual learning along with personality development.

PAPER CRAFT

"Crafting is putting ideas into action and then holding them together with an inexpensive adhesive."

Papercraft has an aesthetic, educational and therapeutic value. This art form is particularly popular with children as it is approachable and accessible to young as well as older students. Papercraft Activity under Summer Camp provided the young learners with an opportunity to learn different kinds of paper crafts.

THE MOST BEAUTIFUL CRAFTS ARE MADE BY HANDS!

Young artists were able to work collaboratively and be a part of a larger social group. The aim of the activities taken under Paper Craft was to improve fine motor skills, develop imagination and inspire critical thinking. The activities like creating origami working bird, paper craft rat using waste disposable cups, paper origami frog, rabbit, fish gave them a hands-on experience to go beyond their horizons to explore and create something new. The various art forms allowed them to take pride in their work and shout in exhilaration- "been there, crafted that". On the last day, the art forms created by our zealous crafters were put on display for the exhibition.

SPECTACULAR CRAFTS BY OUR ENTHUSIASTIC STUDENTS

INDIAN FOLK DANCE

"Dance as the narration of a magical story; that recites on lips, illuminates imaginations and embraces the most sacred depths of souls."

The most intriguing aspect embellishing the camp was the splendid dance activity, being conducted by the efficient mentors, involving mass student participation who spun and swirled on the floor. During the summer camp, Indian Folk Dance displayed different cultures of India and the corresponding traditional dance forms. The budding artists were engaged in folk dance of Uttar Pradesh worshipping Lord Krishna and his childhood play (leelas).

Dandiya Raas, an energetic, vibrant dance which originated in Gujarat, often called the "stick dance" because it uses polished sticks (dandiya), was equally enjoyed by the budding dancers. The foot tapping dance steps, rhythm, eye hand coordination, body movements and expressions were learnt thoroughly by the students. The dance forms created a sense of harmony and unity within the group when they performed together.

FOLK DANCE: A BLEND OF MUSIC, DANCE & POETRY!

Learners not only danced to the tunes but also embraced the cultural and emotional connection inherent in this dance form. On the last day, the budding enthusiasts performed on the dances prepared and had a gala time. The event was successful with participation on a large scale which displayed different cultures and heritage of our country.

DANCE AS BEAUTIFUL AS AUTUMN SKIES

THE PROMISING DRAMEBAAZ

"All the world's a stage and sometimes, all the men and women can be promising players."

Expression gives life to words and if used correctly, the words have a unparalleled impact. Promising Dramebaaz Camp Activity aimed at providing a space to the young dramebaaz to express their heart out. Various emotions were taught under the camp. Techniques like dialogue delivery, using the stage space and portrayal of emotions were taught and practiced. During the summer camp, the Promethean mentors, transformed the classroom into a 'jungle', and incorporated storytelling and dramatization. The story, "Lion and the rats" was brought to life through inspirational, wise and thought provoking dialogues. The witty characterization had worth its weight in gold. The story dramatization engaged the child's interest, attention and imagination and developed their language skills in a holistic way. On the last day, the promising performances by our very own dramebaaz put everyone in awe. The activity also appealed to children with different intelligences and learning styles and provided a framework for fostering social skills and attitudes, such as active listening, collaborating, turn taking and respect for others, in a positive way.

VENTURING INTO THE WORLD OF STORIES!

THEATRE

"We must all do theatre, to find out who we are, and to discover who we could become."

Theatre as an art form has been an important part of the culture of India since ages. The aim of the camp activity was to celebrate and propagate this ancient form of art. Theatre transforms students' experiences of themselves as well as their relationships with peers and the larger world. The activity, "Characters come into play", offered students valuable identity formation tools through the ownership of creative playmaking decisions. The planning, dramatization, character portrayal, presentation style built resilience and positive self-concept in the child. The performances by the students were more than just "getting it done". It went beyond that as the students performed, researched, and managed playing the part true to its essence and gave voices to the inanimate objects leading to a child's innate capacity for fantasy and imaginative play. Through theatre, the performers have had their roles perfectly intertwined with the script which made it a great theatrical performance indeed.

THEATRE: A KINDRED MOVEMENT OF REAL LIFE

The recreational summer camp helped students engage in activities where they explored their interests and learnt new skills in a dedicated manner. The summer camp encouraged experiential learning with students actually doing varied creative activities which resulted in long-lasting mental engagement on the part of students. All of these contributed to the development of the child, even as the latter steps out into the world as a confident, able adult.

The corridors of Bal Bharati are always abuzz with activities, events, workshops, seminars, competitions intra and inter-school activities to bring out the talent of each student who thrive in the vibrancy and dynamism of this institution. The recreational summer camp was just one of those activities which brought smiles on the bright faces of our students yet again. The camp for the academic session 2023-24 was indeed a success!!!
