Circular No. 31/2023-24   31 July, 2023

"Millions saw the apple fall, but Newton asked why."

Dear Parents & Students,

In line with our philosophy and NEP 2020, we are glad to announce our association with LogIQids & Techfest IIT Bombay for their International Mental Aptitude Development Program & Olympiad 2023-24.

This program is being offered FREE of Cost to our students. We are sure that this initiative will add a lot of value and have hence registered all our students for this program.
HOW WILL THIS PROGRAM BENEFIT YOUR CHILD?

This program, designed by IIT / IIM alumni, helps develop skills like analytical thinking & problem solving abilities in children. These skills are really helpful because they are:

| Most Essential 21st Century Skills | Basis of Coding AI, ML, Robotics etc | Tested in entrance exams like CAT, SAT, GMAT, UPSC, etc. | Evaluated in hiring for Microsoft, Google, etc. |

Program Details

Every student will receive 50 personalized digital think sheets. These think sheets will be filled with puzzles and brain teasers that help students develop logic & problem solving abilities and also prepare for the LogIQids International Mental Aptitude Olympiad, which will be conducted in two stages.

EXAM TYPE	SCHEDULE	FEE
The First Stage,	Oct - Dec 23	No Charge
The Final Stage	Jan - Mar 24	The registration for the same will be optional and chargeable at Rs 499, but will only be open for students who qualify after the First Stage.

Next Steps: Every student will get their own unique login IDs and passwords through which they can access the digital worksheets on the LogIQids website or mobile app. The details with be shared by respective class teachers.
