

PRE PRIMARY DEPARTMENT
EXPRESSIONS – LET'S SPEAK OUR MIND
CLASS: PRE SCHOOL & PRE PRIMARY
ACTIVITY FOR THE MONTH OF JULY 2023

Date: 10th July 2023

Subject: I Love to.....

Allowing the children to understand their hobbies, all that they enjoy and are good at, helps them to tap into their inner passions and talents. This helps them build confidence and self-esteem, apart from giving their mind and body the much-needed stimulation. To promote language development, self-expression, and confidence building, the children will speak about something they love to do, which brings a smile to their faces.

Each child will get 1-2 minutes for the presentation. Children should choose something they genuinely love to do, such as a hobby, favourite food item, or any activity that brings them joy.

Children should begin by introducing themselves first and then start with "I love to...," followed by their chosen activity.

Children can bring visual aids or props related to their chosen object/ toy/ picture to enhance their presentation. For example, if a child loves gardening, they can bring a small potted plant or a picture of their garden.

Teacher Incharge:
Ms. Gitika Thapliyal
Ms. Rohini Sen

HM - Pre Primary:
Ms. Sarika Passi
